

EXPLORER XL™ SUNGLASSES - MAGPUL EXPLORER XL TORTOISE FRAME W/ BRONZE LENS & GOLD MIRROR

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Glasses](#)

A Stylish Pair of Shades With Built-In Ballistic Protection

Magpul entered the sunglasses market with a few solid options a while back, and the company continues to enhance its line of eye protection with the launch of the Explorer XL sunglasses. Optimized for wearing on medium- and large-sized faces or for people who prefer larger frames, the Magpul Explorer XL line is a must-have for outdoor enthusiasts. Not only will the Explorer XL line protect your eyes from UV radiation, the sunglasses are also constructed from injection-molded TR90NZZ polymer, which provides incredible impact resistance. These shades have been tested to MIL-PRF 32432 standards and passed with flying colors. Both polarized and non-polarized lenses are available, and the glasses are complete with anti-slip nose and temple pads.

EXPLORER XL™ SUNGLASSES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Magpul Explorer XL™ Sunglasses. These sunglasses are designed to provide optimal eye protection while ensuring comfort and style for outdoor activities. This guide outlines essential safety instructions and precautions to ensure safe usage and maintenance of your sunglasses in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that sunglasses are used only for their intended purpose: protecting your eyes from UV rays and enhancing visual comfort.
- Regularly inspect sunglasses for any signs of damage or wear, such as scratches on the lenses or damage to the frame.
- Keep sunglasses out of reach of small children to prevent accidental damage or injury.
- Be aware of potential hazards associated with wearing sunglasses in certain environments, such as low light conditions or during activities requiring increased visual acuity.

Specific Safety Precautions for Use

- **UV Protection:** Always wear sunglasses that offer 100% UV protection to safeguard your eyes from harmful rays.
- **Polarized Lenses:** If using polarized lenses, be aware that they may affect visibility on certain surfaces, such as water or ice.
- **Impact Resistance:** The Explorer XL sunglasses are constructed from injectionmolded TR90NZZ polymer, providing high impact resistance. However, avoid exposing them to extreme conditions that could compromise their integrity.
- **AntiSlip Features:** The antislip nose and temple pads are designed for a secure fit. Ensure they are properly positioned on your face for maximum comfort and safety.
- **Cleaning:** Use only a soft, lintfree cloth to clean the lenses. Avoid using harsh chemicals or abrasive materials that may scratch or damage the lenses.

Instructions for Installation and Usage

1. Wearing the Sunglasses:

- Place the sunglasses on your face, ensuring that the nose pads sit comfortably on your nose.
- Adjust the temple arms to fit securely around your ears without pinching.

2. Cleaning the Lenses:

- Gently wipe the lenses with a soft cloth to remove dust and fingerprints.
- If necessary, rinse lenses with lukewarm water before wiping to remove any debris.

3. Storage:

- When not in use, store the sunglasses in a protective case to prevent scratches and damage.
- Avoid leaving sunglasses in hot or humid environments, such as a closed car, as this may warp the frame or damage the lenses.

Disposal Instructions

- When the sunglasses reach the end of their life cycle or are damaged beyond repair, dispose of them responsibly.
- Check local regulations for proper disposal methods of plastic and other materials used in the sunglasses.
- Consider recycling the sunglasses if possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the safety of your Magpul Explorer XL™ Sunglasses, please refer to the contact information provided with your product packaging or on the official Magpul website.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Magpul Explorer XL™ Sunglasses. Always prioritize eye safety and be aware of your surroundings while using these sunglasses. Thank you for your commitment to safety and responsible usage.
