

9/40 ESP MAGWELL, XDM/P320 BLK

XDM 9/40 ESP magwells are CNC machined from aluminum and anodized for durability. This magwell was specifically designed to fit the IDPA box. The ESP magwell has enough room for an easy fast reload but ergonomically designed to make it easy to get back to your grip without interfere from the magwell. The unique attachment method requires that you grind the backstrap even with the top of the magwell opening or purchase a prefit #2 backstrap. This is for full sized XDM 9mm and .40 frames only. For use with the #3 backstrap if you grind the back of the insert to fit the profile of the magwell. Not recommended for use with #1 backstrap. Does NOT fit with factory base pads, modification required to fit. .953oz

Safety Instruction Guide for 9/40 ESP MAGWELL, XDM/P320 BLK

Introduction

Thank you for choosing the 9/40 ESP MAGWELL, XDM/P320 BLK. This product is designed to enhance your firearm's performance and usability. It is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe and proper use.

General Safety Guidelines

- Ensure safe handling and usage of the magwell to avoid accidents.
- Always treat your firearm as if it is loaded, even when it is not.
- Store the magwell and firearm in a secure location away from children and unauthorized users.
- Regularly inspect the magwell for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This magwell is designed for full-sized XDM 9mm and .40 frames only.
- Do not use the magwell with #1 backstrap as it is not compatible.
- Ensure that you grind the backstrap even with the top of the magwell opening or use a prefit #2 backstrap for optimal fit.
- Modification may be required to fit factory base pads; ensure modifications are done safely.
- Always check that the magwell is securely attached before using your firearm.
- Use caution when handling the magwell during installation to avoid injury from sharp edges.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a grinder if adjusting the backstrap.

2. Installation:

- Remove the existing backstrap from your XDM 9mm or .40 frame.
- If using a #2 backstrap, install it according to the manufacturer's instructions.
- If grinding the backstrap, carefully grind it until it is even with the top of the magwell opening.
- Attach the magwell to the firearm, ensuring it fits snugly and securely.
- If using a #3 backstrap, grind the back of the insert to fit the profile of the magwell.

3. Usage:

- Practice reloading your firearm with the magwell installed to familiarize yourself with its ergonomics.
- Ensure your grip is secure and comfortable before firing.

4. PostUse:

- After use, clean the magwell and inspect it for any damage.
- Store the magwell and firearm in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable parts of the magwell according to local regulations.
- Ensure that all components are disposed of in a manner that prevents them from being accessible to children or unauthorized users.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the 9/40 ESP MAGWELL, XDM/P320 BLK, please contact the manufacturer directly. They will provide you with the necessary support and information.

By following these guidelines, you can ensure the safe and effective use of your 9/40 ESP MAGWELL, XDM/P320 BLK. Always prioritize safety and stay informed about best practices for firearm handling.
