

# AR ENHANCED LOWER RECEIVER PARTS KIT - STRIKE INDUSTRIES

## AR ENHANCED LOWER RECEIVER PARTS KIT LESS TRIGGER

[Home](#)

AR ENHANCED LOWER RECEIVER PARTS KIT The Enhanced Lower parts kit offers a convenient upgrade package for the AR15 for those looking for a complete Strike Industries solution for new builds, or to update their plain jane AR. This kit includes all the basics that you will need to build out your AR (minus grip), but with Strike Industries Enhanced lower parts where applicable. Complete kit includes fire control group which offers a crisp 4.5-5.5 lb pull, with unmatched smoothness for mil-spec style AR15 triggers. Longitudinally ground and polished sear engagement surfaces coupled with precision cut sear angle equate a vastly improved trigger feel without sacrificing safety or reliability.

# Safety Instruction Guide for AR Enhanced Lower Receiver Parts Kit

## Introduction

Thank you for choosing the AR Enhanced Lower Receiver Parts Kit by Strike Industries. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that all components are compatible with your AR15 platform.
- Always follow local laws and regulations regarding firearm assembly and usage.
- Store all parts in a secure location, out of reach of children and unauthorized users.
- Inspect all parts for damage or defects before use. Do not use any damaged components.
- Use protective eyewear and gloves during installation to prevent injury.
- Keep your work area clean and organized to avoid accidents.

## Specific Safety Precautions for Use

- Only use this parts kit for its intended purpose: to upgrade or build an AR15 firearm.
- Ensure that the firearm is unloaded and the safety is engaged before beginning any installation.
- Be aware of potential hazards associated with handling firearms, including accidental discharge and injury.
- Follow safe firearm handling practices at all times, including keeping the muzzle pointed in a safe direction.
- If you are inexperienced with firearm assembly, seek assistance from a qualified gunsmith or firearms expert.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools: screwdrivers, wrenches, and any other tools specified in the installation manual.
- Read the installation instructions thoroughly before beginning.

### 2. Installation Steps

- Ensure that your work area is welllit and free of distractions.
- Remove the existing lower parts from your AR15 receiver, if applicable.
- Carefully install the components from the Enhanced Lower Receiver Parts Kit, following the order specified in the installation manual.
- Pay special attention to the fire control group installation, ensuring proper alignment and secure fastening.
- After installation, doublecheck all components to ensure they are properly installed and secure.

### 3. PostInstallation Checks

- Conduct a function check of your AR15 to ensure that all components are working correctly.
- Test the trigger pull to confirm it operates smoothly and within the specified weight range (4.55.5 lbs).
- If any issues arise during the function check, do not attempt to use the firearm until the issues

have been resolved.

## Disposal Instructions

- Dispose of any unused or broken parts in accordance with local regulations.
- Do not dispose of parts in regular household waste.
- Contact your local waste management facility for guidance on the proper disposal of firearm components.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

This guide is designed to ensure your safety and satisfaction with the AR Enhanced Lower Receiver Parts Kit. By following these instructions, you can help prevent accidents and ensure a successful installation. Thank you for your attention to these important safety guidelines.
