

REDUCED POWER RECOIL SPRING FOR GLOCK® - STRIKE INDUSTRIES 13 LB. REDUCED POWER RECOIL SPRING FOR GLOCK GEN-3

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

The SI recoil spring for Glock pistols allows one to fine tune the timing and recoil characteristics of their Glock firearm. While the factory springs do work reliably with most ammunition, they do leave some things to be desired when it comes to handling characteristics, and they wear out over time requiring replacement. The reduced power springs also work great with lightened slides. Tune your Glock pistol for greater reliability and speed up follow up shots with an SI recoil spring.

Attributes

- Name: [STRIKE INDUSTRIES 13 LB. REDUCED POWER RECOIL SPRING FOR GLOCK GEN-3](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100037267
- Mfr. No.: SI-G-RPS-13
- Pounds: 13 lbs
- Weapon type: Glock
- Delivery weight: 0.045kg
- Shipping height: 3mm
- Shipping width: 70mm
- Shipping length: 229mm
- UPC: 708747546996

Safety Instruction Guide for Reduced Power Recoil Spring for Glock® Strike Industries 13 lb.

Introduction

Thank you for choosing the Reduced Power Recoil Spring for Glock® by Strike Industries. This guide provides essential safety instructions, installation procedures, and usage tips to ensure the safe and effective operation of your recoil spring. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that your Glock firearm is unloaded before installing or handling the recoil spring.
- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Keep the recoil spring and all firearm components out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Regularly inspect your recoil spring for signs of wear or damage. Replace if necessary.
- Store your recoil spring in a cool, dry place to prevent corrosion and degradation.

Specific Safety Precautions for Use

- The Reduced Power Recoil Spring is designed for use with Glock® Gen3 models. Do not use it with other firearm models.
- Use only highquality ammunition that is compatible with your Glock firearm to avoid malfunctions.
- If you experience any unusual behavior from your firearm after installation, stop using it immediately and consult a qualified gunsmith.
- Ensure that the recoil spring is properly installed before using your firearm. Improper installation may lead to malfunctions or accidents.
- Be aware that reduced power springs may affect the cycling speed of your firearm. Practice with the new setup to familiarize yourself with its handling characteristics.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Glock firearm is completely unloaded.
- Gather necessary tools: a punch tool and a small hammer.

2. Installation:

- Remove the slide from your Glock by pulling the slide lock down and sliding the slide off the frame.
- Take out the factory recoil spring assembly by pushing it forward and lifting it out.
- Insert the Reduced Power Recoil Spring into the slide, ensuring it is seated correctly.
- Reattach the slide to the frame by aligning it with the rails and sliding it back into place.
- Function check your firearm to ensure proper operation before use.

3. Usage:

- After installation, test your firearm in a safe environment to ensure it functions correctly.
- Monitor the performance during shooting sessions. If you notice any issues, consult a qualified gunsmith.

Disposal Instructions

- Dispose of any old recoil springs or components in accordance with local regulations.
- Do not discard in regular household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure the safe and effective use of your Reduced Power Recoil Spring for Glock® by Strike Industries. Always prioritize safety and responsibility when handling firearms.
