

REDUCED POWER RECOIL SPRING FOR GLOCK® - STRIKE INDUSTRIES 15 LB. REDUCED POWER RECOIL SPRING FOR GLOCK GEN-3

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

The SI recoil spring for Glock pistols allows one to fine tune the timing and recoil characteristics of their Glock firearm. While the factory springs do work reliably with most ammunition, they do leave some things to be desired when it comes to handling characteristics, and they wear out over time requiring replacement. The reduced power springs also work great with lightened slides. Tune your Glock pistol for greater reliability and speed up follow up shots with an SI recoil spring.

Attributes

- Name: [STRIKE INDUSTRIES 15 LB. REDUCED POWER RECOIL SPRING FOR GLOCK GEN-3](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100037268
- Mfr. No.: SI-G-RPS-15
- Pounds: 15 lbs
- Weapon type: Glock
- Delivery weight: 0.045kg
- Shipping height: 3mm
- Shipping width: 70mm
- Shipping length: 229mm
- UPC: 708747547016

Safety Instruction Guide for Reduced Power Recoil Spring for Glock® by Strike Industries

Introduction

Thank you for choosing the Reduced Power Recoil Spring for Glock® by Strike Industries. This product is designed to enhance the performance of your Glock firearm by allowing you to finetune its recoil characteristics. Please read this safety instruction guide carefully to ensure safe and effective use of the recoil spring.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock firearm before installing the recoil spring.
- Always handle firearms with care and follow all safety protocols.
- Store the recoil spring in a safe place away from children and unauthorized users.
- Regularly inspect the recoil spring for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the recoil spring with compatible Glock models as specified by the manufacturer.
- Do not attempt to modify the recoil spring or use it in a manner not intended by the manufacturer.
- Ensure that your firearm is unloaded before installing or replacing the recoil spring.
- Wear appropriate eye protection when handling firearms and during installation.
- Be aware of the increased speed and reduced recoil characteristics that may affect your shooting experience.
- Keep the work area free from distractions and clutter during installation.

Instructions for Installation and Usage

1. Preparation

- Ensure that your Glock firearm is unloaded.
- Gather all necessary tools for installation, including a punch tool and a bench vise if needed.

2. Removal of the Factory Recoil Spring

- Disassemble your Glock according to the manufacturer's instructions.
- Carefully remove the factory recoil spring from the slide.

3. Installation of the Reduced Power Recoil Spring

- Align the reduced power recoil spring with the guide rod.
- Insert the recoil spring assembly back into the slide, ensuring it is seated properly.
- Reassemble your Glock following the manufacturer's instructions.

4. Testing

- After installation, conduct a function check to ensure the firearm operates correctly.
- Test the firearm in a controlled environment to familiarize yourself with the new recoil characteristics.

5. Maintenance

- Regularly clean and inspect the recoil spring as part of your firearm maintenance routine.
- Replace the recoil spring if you notice any signs of wear or if performance decreases.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations.
- Do not dispose of the recoil spring in regular household waste.
- Consider recycling if possible, or contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Reduced Power Recoil Spring for Glock®, please refer to the manufacturer's contact information provided with the product packaging. Ensure that you have the product details ready for any inquiries.

Thank you for your attention to these safety guidelines. Your safety and the proper functioning of your firearm are our top priorities.
