An Aftermarket Barrel for Your Savage Model 110

Looking to change out the barrel on your Savage Model 110 rifle action? Thanks to International Barrels, changing out your rifle's barrel doesn't have to involve a trip to the gunsmith! The specially developed design of these Savage small-shank pre-fit barrels means you can swap out your rifle caliber right at home. Each International Barrels Pre-Fit Savage Small Shank precision barrel is constructed with a barrel-nut system that can be threaded onto your action right at home. Once the barrel is threaded into place, simply check its positioning with a set of headspace gauges and then tighten the barrel nut down to its proper torque settings. Then you're done! The easy attachment system of these International Barrels Pre-Fit Barrels isn't all you're getting. These gun barrels are button-rifled and are made to precision tolerances, double-checked at every step along the way. The barrels are made using the company's Medium contour, which features a straight taper from the breech to the muzzle. Each barrel is threaded with 5/8-24 TPI muzzle threads. The company warns that some stocks may need to be inlet to allow clearance for the barrel nut.

Attributes

Safety Instruction Guide for SAVAGE SMALL SHANK PREFIT PRECISION BARRELS

Introduction

Thank you for choosing the SAVAGE SMALL SHANK PREFIT PRECISION BARRELS by International Barrels. This guide provides essential safety information, general guidelines, and specific instructions for the safe installation and use of your new barrel. Please read this guide carefully before proceeding.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Savage Model 110 rifle action before attempting to install the barrel.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Wear appropriate safety gear, including eye protection, when handling or working on firearms.
- Do not use the barrel if it is damaged or if you suspect it may be defective.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- Only use this barrel with compatible Savage Model 110 rifle actions.
- Ensure that the barrel is properly threaded and secured before use.
- Always check headspace with gauges to ensure safety and proper function.
- Be aware that some stocks may require inletting for the barrel nut; consult a qualified gunsmith if unsure.
- Do not exceed the recommended torque settings when tightening the barrel nut.
- Regularly inspect the barrel for signs of wear or damage, and replace if necessary.

Instructions for Installation and Usage

1. Preparation

- Ensure you have the necessary tools, including a barrel wrench and headspace gauges.
- Clear your workspace and ensure that your rifle is unloaded.

2. Removing the Old Barrel

- Follow the manufacturer's instructions to safely remove the old barrel from your Savage Model 110 action.

3. Installing the New Barrel

- Thread the International Barrels PreFit Savage Small Shank precision barrel onto the rifle action.
- Use the barrel wrench to tighten the barrel nut to the recommended torque settings.
- Check the positioning of the barrel with headspace gauges to ensure it is correct.

4. Final Checks

- Once installed, visually inspect the barrel and ensure all components are secure.
- Conduct a function check of the rifle before taking it to the range.

Disposal Instructions

- Dispose of any old or damaged barrels in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular trash. Contact local law enforcement or a licensed firearms dealer for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your SAVAGE SMALL SHANK PREFIT PRECISION BARRELS, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for taking the time to read this safety instruction guide. Adhering to these guidelines will help ensure a safe and enjoyable experience with your new barrel.
