A Muzzle Adapter Designed for Your PS90 SBR Build

If you've taken advantage of CMMG's shortened, SBR-style barrel designed for the FN PS90, then you've got a correctly-sized SBR that looks like the famous P90. However, there are odd threads at the muzzle end of the barrel that need to be dealt with, and CMMG also has a solution for that in its PS90 Thread Adapter. The standard threads on an FN PS90 barrel are M12X1.0LH threads, which are copied in the shortened CMMG SBR barrel. However, this thread pitch isn't compatible with most muzzle devices on the market. To solve that problem, CMMG developed its PS90 Thread Adapter, which converts these threads to a more typical 1.2-28 TPI thread pitch.

Safety Instruction Guide for CMMG AR15 PS90 Thread Adapter

Introduction

Thank you for purchasing the CMMG AR15 PS90 Thread Adapter. This product is designed to convert the unique M12X1.0LH threads of the FN PS90 barrel to a standard 1/228 TPI thread pitch, allowing for compatibility with a wider range of muzzle devices. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the product for signs of wear or damage before each use.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as described in this guide.
- In case of any malfunction or failure, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as eye protection, when handling firearms and accessories.
- Ensure that the firearm is unloaded before installing or removing the thread adapter.
- Check that the thread adapter is securely attached before use to prevent accidents.
- Be aware of the potential hazards associated with using muzzle devices, including increased noise and recoil.
- Do not exceed the manufacturer's specifications for the type of muzzle device used with the thread adapter.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools, including a wrench or pliers, if required.

2. Installation:

- Carefully clean the threads on the FN PS90 barrel to remove any debris or residue.
- Align the PS90 Thread Adapter with the M12X1.0LH threads on the barrel.
- Gently screw the adapter onto the barrel by hand until it is snug.
- Use a wrench or pliers to tighten the adapter further, ensuring it is secure but not overtightened.

3. Usage:

- Once installed, you can attach your chosen muzzle device to the 1/228 TPI threads of the adapter.
- Follow the manufacturer's instructions for the muzzle device for proper installation and usage.

4. Removal:

- To remove the thread adapter, use a wrench or pliers to unscrew it from the barrel.
- Store the adapter in a safe place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area for metal products.
