

RECON-S NO OFFSET SCOPE MOUNT - AMERICAN DEFENSE MANUFACTURING 30MM 30 MOA SCOPE MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Rock-Solid Mounts With Quick-Detach System

Quick-release lever-lock system clamps solidly to flattop rail and will not work loose even under heavy recoil—the more force acting on the lever, the tighter it locks. Depress the release tab to swing the lever open, and the mount easily lifts off the rifle. Adjustable with a flat head screwdriver or even a coin for an ultra-secure, no-slip fit on almost any Picatinny or Weaver-style rail, including over- or under-sized commercial rails. Lever may be configured to lock to the front or the rear to suit the operator's preference. Large locking bar on the side of the mount engages the maximum amount of rail area, while the crossbolt and two integral locking lugs ensure rock-solid engagement of rail slots to prevent movement under recoil. Five heavy duty steel hex head screws (three on top, two on bottom) clamp the vertically split ring halves together. Cutouts in the ring sides and in the base reduce weight without sacrificing strength. Quick-Release Scope Mount one-piece base with dual-lever system provides the same solid mounting and fast removal and reattachment.

Attributes

- Name: [AMERICAN DEFENSE MANUFACTURING 30MM 30 MOA SCOPE MOUNT, BLACK](#)
- Manufacturer: [AMERICAN DEFENSE MANUFACTURING](#)
- Product no.: 100038653
- Mfr. No.: AD-RECON-30MOA-
- Elevation: 30 MOA
- Finish: Black

RECONS NO OFFSET SCOPE MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RECONS No Offset Scope Mount from American Defense Manufacturing. This manual provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mount. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the scope mount is compatible with your rifle and the type of rail system you are using.
- Always inspect the scope mount for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding firearm accessories and usage.
- Keep the scope mount and all related equipment out of reach of children and unauthorized users.
- Use the scope mount only for its intended purpose.

Specific Safety Precautions for Use

- **Recoil Management:** Ensure that the mount is securely locked in place to prevent movement during heavy recoil.
- **Installation Tools:** Use the appropriate tools (flat head screwdriver or coin) for installation to avoid damaging the mount or rail.
- **Lever Configuration:** Adjust the lever to lock either to the front or rear based on your preference, ensuring it is secure before use.
- **Weight Consideration:** Be mindful of the weight of the scope and other accessories mounted on the rail to maintain balance and control of the rifle.
- **Regular Maintenance:** Periodically check the tightness of the screws and the integrity of the locking mechanism.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather the necessary tools: a flat head screwdriver or a coin.

2. Mounting the Scope:

- Align the scope mount with the Picatinny or Weaverstyle rail on your rifle.
- Use the flat head screwdriver or coin to tighten the locking screws securely.
- Ensure that the mount is flush against the rail and that there is no movement.

3. Adjusting the Lever:

- Decide whether you want the lever to lock to the front or rear.
- Adjust the lever accordingly and ensure it locks securely in place.

4. Attaching the Scope:

- Place the scope into the ring halves of the mount.
- Tighten the hex head screws securely to ensure the scope is held firmly in place.
- Check that the scope is level and aligned properly before final tightening.

5. Final Check:

- After installation, perform a thorough inspection to ensure everything is secure.
- Test the quickrelease feature by depressing the release tab and swinging the lever open. Ensure the mount lifts off easily.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations regarding metal and aluminum waste.
- Do not dispose of the mount in regular household waste.
- If applicable, recycle the mount at a designated recycling center.

Contact Information for Further Support

For any safety inquiries or questions regarding the RECONS No Offset Scope Mount, please reach out to your local authorized dealer or manufacturer representative.

By following these safety instructions, you can ensure that your RECONS No Offset Scope Mount is used safely and effectively. Always prioritize safety and maintenance for an optimal shooting experience.
