## A Practical, Durable Extractor for Your Classic 1911

Much has changed since the original 1911 design, and technology, manufacturing and steel quality has enabled manufacturers to develop components with durability that John Browning could never have imagined. One such component is the 1911 Practical Extractor from EGW. In comparison to original 1911 extractors, the EGW 1911 Practical Extractor features several improvements designed to improve functionality. This extractor is .025 inch shorter than the standard GI extractor, which prevents the extractor hook from constantly banging against the case, which causes it to lose tension and lead to jams. The extractor also features a radiused cut on both sides of the extractor hook, which increases strength, preventing a failure point. Finally, the EGW 1911 Practical Extractor is vacuum heat-treated, which preserves the springing property of the extractor and allows it to maintain tension for up to 70,000 rounds. Extractors are available for Series 70 and Series 80 guns and can be had in 9mm, 38 Super, .40-caliber and .45 ACP.

## Attributes

- Name: [EGW 1911 PRACTICAL EXTRACTOR .45 ACP S70 BLUED](#)
- Manufacturer: [EGW](#)
- Product no.: 100039472
- Mfr. No.: 10352
- Caliber: 45 Caliber (.451-.454)
- Finish: Blued
- Weapon type: 1911
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 25mm
- UPC: 841370100804

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for EGW 1911 Practical Extractor

## Introduction

Thank you for choosing the EGW 1911 Practical Extractor. This guide provides essential safety instructions to ensure the safe use and maintenance of your extractor. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that all components are compatible with your specific firearm model.
- Always handle firearms with care and treat them as if they are loaded.
- Store the extractor and any firearm components in a secure location, away from children and unauthorized users.
- Regularly inspect the extractor for wear and damage before use.
- Follow all local laws and regulations regarding firearm modifications and usage.

## Specific Safety Precautions for Use

- Only use the EGW 1911 Practical Extractor with Series 70 and Series 80 models.
- Avoid using the extractor with ammunition that exceeds the specified caliber ratings.
- Do not attempt to modify or alter the extractor in any way.
- Ensure that the extractor is properly installed before use to avoid malfunctions.
- If you experience any issues such as jams or misfires, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the old extractor, following the manufacturer's instructions for your specific firearm model.
- Install the EGW 1911 Practical Extractor by aligning it correctly with the extractor slot.
- Ensure that the extractor is seated properly and securely in place.
- Reassemble the firearm according to the manufacturer's guidelines.

### 2. Usage:

- Perform a function check to ensure the extractor operates correctly.
- Use appropriate ammunition (.45 ACP) that meets safety standards.
- Monitor the extractor for signs of wear or damage during use.
- Clean the extractor regularly to maintain optimal performance.

## Disposal Instructions

- Dispose of any damaged or worn extractors in accordance with local regulations.
- Do not discard the extractor in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the EGW 1911 Practical Extractor, please reach out to your local authorized dealer or manufacturer.

## **Conclusion**

By following these safety instructions, you will help ensure the safe and effective use of your EGW 1911 Practical Extractor. Always prioritize safety and compliance with local laws when handling firearms and their components. Thank you for your attention to these important guidelines.
