

SA58 RANGE READY TRADITIONAL CARBINE - SA58 18" RANGE READY TRADITIONAL RIFLE

[Firearms](#) > [Rifles](#) > [Semi-Auto](#)

The DS Arms SA58 I Series of rifles is an improved and enhanced development of the tried & true and very successful FAL rifle in caliber 7.62x51mm NATO. Together with the historical features, reliability & ruggedness of the FAL design and the newly developed DS Arms modern upgrades the new DS Arms I Series of rifles has truly joined the past with the present to create the best battle rifle ever manufactured. This fully adjustable gas piston operated firearm allows for easy gas adjustment and easy takedown and cleaning. All I Series models (except the I.B.P. - Improved Battle Pistol) come standard with our B.R.S. - Battle Rifle Buttstock that still allows the rifle to "Fire While Folded". The B.R.S. features side folding and L.O.P. adjustment buttons that are very ergonomic and ambidextrous. There are 7 length of pull positions making this stock comfortable for any shooter. The cheek-piece adjusts without tools, levers or turning wheels giving the B.R.S. a sleek profile and simple operation. The cheek piece features a full parallel rise with (4) 1/4" settings; and also a tilted/angled setting for use with head/helmet mounted devices or for when the shooter needs more clearance on the cheek piece. Chambered in 7.62x51mm NATO the DS Arms SA58 I Series of rifles allows the user to experience real downrange power in an extremely durable and reliable firearm. An ambidextrous magazine release, larger trigger guard, modern pistol grip and extremely ergonomic non-reciprocating left side charging handle allows any user to take full advantage of the time tested FAL rifle. The receiver features a MIL-STD-1913 Picatinny Extreme Duty Scope Mount top cover to enable the mounting of a wide variety of optics. The handguard is a slim profile M-LOK compatible design that aids in weight reduction and barrel cooling and allows the user to configure the rifle by mounting the accessories in many places without the bulk and weight of a traditional 1913 quad rail handguard. Whether used for target shooting, homeland defense, competition or LE & Military Deployment the DS Arms SA58 I Series of rifles has all the features you want and expect from the best battle rifle ever manufactured, without taking your chances in a flimsy untested rifle design. Standard Configuration Includes: 7.62x51mm NATO Chamber & Bore Matte Black Dura Coat Finish Included. Semi Auto Only Configuration. 4140 Fully Machined & Heat Treated Cast Steel Type 1 Non Carry Handle Cut Receiver. Forged 7075-T6 Aluminum Lower Trigger Frame. 8.25" Premium Pistol Barrel. Safety Instruction Guide for the DS Arms SA58 Range Ready Traditional Carbine

Introduction

Thank you for choosing the DS Arms SA58 Range Ready Traditional Carbine. This guide provides essential safety instructions and guidelines to ensure the safe use of your firearm. Please read this manual carefully before using the product to familiarize yourself with its features and safety precautions.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure the firearm is unloaded when not in use.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Use appropriate hearing and eye protection when operating the firearm.
- Always verify the correct ammunition type before loading.
- Never modify the firearm or use accessories that are not recommended by the manufacturer.
- Be aware of your surroundings and ensure that you have a clear and safe shooting area.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- **Handling:** Always keep your finger off the trigger until you are ready to shoot.
- **Loading and Unloading:** Follow the manufacturer's instructions for loading and unloading the firearm. Always check the chamber and magazine to ensure they are empty before cleaning or storing.
- **Shooting:** Use only the recommended 7.62x51mm NATO ammunition. Avoid using damaged or corroded ammunition.
- **Cleaning:** Ensure the firearm is unloaded before cleaning. Use only the recommended cleaning materials and methods.
- **Children and Vulnerable Groups:** Keep the firearm stored securely and out of reach of children. Educate all users about proper firearm safety.
- **Emergency Situations:** In case of a malfunction, keep the firearm pointed in a safe direction and wait at least 30 seconds before attempting to clear the malfunction.

Instructions for Installation and Usage

1. Installation of Accessories:

- Ensure the firearm is unloaded before attaching any accessories.
- Follow the manufacturer's instructions for installing any optics or attachments.
- Ensure that all accessories are securely fastened before use.

2. Loading the Firearm:

- Open the magazine release and insert the magazine into the magazine well until it clicks into place.
- Pull the charging handle to the rear to chamber a round.
- Confirm that the safety is in the "fire" position before attempting to shoot.

3. Shooting:

- Position yourself in a stable shooting stance.

- Aim at your target and ensure the area is clear.
- Squeeze the trigger gently to fire.

4. Unloading the Firearm:

- Remove the magazine by pressing the magazine release.
- Pull the charging handle to the rear to eject any chambered round.
- Visually and physically check the chamber to ensure it is clear.

5. Cleaning and Maintenance:

- After each use, clean the firearm according to the manufacturer's instructions.
- Use appropriate cleaning solvents and tools to maintain the firearm's condition.
- Regularly inspect the firearm for any signs of wear or damage.

Disposal Instructions

- Dispose of any unused or expired ammunition according to local regulations.
- When disposing of the firearm, contact a licensed firearms dealer or local law enforcement for proper disposal methods.
- Ensure that all parts of the firearm are disposed of in a safe and environmentally friendly manner.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your DS Arms SA58 Range Ready Traditional Carbine. Always prioritize safety and responsibility when handling firearms.
