

SMART SENSOR SHOOTING PERFORMANCE SYSTEMS - MANTIS

TECH LLC MANTIS X3 SHOOTING PERFORMANCE SYSTEM

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Training & Simulation](#)

The X3 features the same software as the original MantisX, but features a slimmer profile, longer battery life, and quick disconnect option. Collecting thousands of data points per second, the X3 analyzes your shooting in real-time. For both pistols and rifles, the X3 works with dry fire, live fire, airsoft/CO2, and simulated weapons systems. The X10 features a slimmer profile, longer battery life, and quick disconnect option, and comes with a barrel clamp adapter compatible with mounting on most shotguns and rifles. The X10 includes dynamic shooting analysis such as recoil analysis, holster draw analysis, shooting on the move, multi-target, and rapid-fire diagnostics and feedback. Additionally, the X10 provides shotgun sports analysis and archery analysis.

Safety Instruction Guide for the MANTIS X3 Shooting Performance System

Introduction

Thank you for choosing the MANTIS X3 Shooting Performance System by MANTIS TECH LLC. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual carefully before using the device.

General Safety Guidelines

- Ensure that the MANTIS X3 is used in accordance with the instructions provided in this guide.
- Keep the device out of reach of children and unauthorized users.
- Always use the MANTIS X3 in a safe and controlled environment.
- Do not use the MANTIS X3 with live ammunition unless specifically designed for such use.
- Report any unsafe conditions or product defects to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The MANTIS X3 is designed for training and performance analysis. Improper use may lead to accidents or injuries.
- **Avoiding Hazards:**
 - Always ensure that the shooting area is clear of people and obstacles.
 - Use the device only with compatible firearms or simulated weapons as specified.
 - Do not modify the MANTIS X3 or use it in a manner not intended by the manufacturer.
 - Avoid using the device in wet or damp conditions to prevent electrical hazards.
- **Age and Audience Warnings:**
 - This product is intended for use by individuals aged 18 and older. Parental supervision is recommended for younger users.

Instructions for Installation and Usage

1. Installation:

- Ensure that the device is fully charged before first use.
- Attach the MANTIS X3 securely to your firearm or simulated weapon using the provided mounting options.
- For shotguns and rifles, use the barrel clamp adapter to ensure a secure fit.

2. Usage:

- Follow the onscreen instructions provided by the MANTIS X3 application.
- Engage in dry fire, live fire, airsoft/CO2, or simulated shooting as per the guidelines.
- Collect data points during your shooting practice to analyze performance.
- Utilize the dynamic shooting analysis features to improve your shooting skills.

3. PostUsage:

- After use, detach the device from the firearm carefully.
- Store the MANTIS X3 in a safe and dry location.
- Regularly clean the device according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of the MANTIS X3 in accordance with local regulations for electronic waste.
- Do not dispose of the device in regular household waste.
- Remove batteries and dispose of them separately if applicable.

Contact Information for Further Support

For further assistance or inquiries regarding safety concerns, please refer to the manufacturer's website or contact their customer support team directly.
