

ACTION ENHANCEMENT TRIGGER KIT WITHOUT BAR FOR SLIM FRAME GLOCK® - APEX TACTICAL SPECIALTIES INC ACT ENH TRIGGER KIT WITHOUT BAR FOR GLOCK SLIM FRAME BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

A Trigger Enhancement Designed for Your Slim Frame Glock

If you're running one of Glock's Slim Frame models, chances are you're counting on it for personal defense, so you can't take any chances when the time comes to pull the trigger for real. Having an enhanced trigger that you know is designed to perform will allow you to make a confident shot, and the Apex Tactical Action Enhancement Trigger Kit is designed to provide that capability to those counting on these defensive tools. Each Apex Tactical Action Enhancement Trigger Kit ships with a trigger body, Performance Connector. However, this particular kit does not ship with a trigger bar, so consumers will have to mount this Apex trigger body onto the OEM trigger bar. The new trigger, connector all work together to provide a lower trigger-pull weight, shortened trigger travel, a reduced reset and a crisp, clean trigger break. Even with all of these enhancements, the Apex Tactical Action Enhancement Trigger Kit maintains all factory safety values, since the trigger includes a center-mounted pivoting safety. The kit will fit Gen 3 and Gen 4 models of the following Glock pistols: G43, G43X and G48. It will not function in the Glock G42. Trigger shoes are available with either a black or red finish.

ACTION ENHANCEMENT TRIGGER KIT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Apex Tactical Action Enhancement Trigger Kit designed for Slim Frame Glock models. This product is intended to enhance your shooting experience while maintaining safety and performance. Please read and follow these safety instructions carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only with compatible Glock models: G43, G43X, and G48. This kit is not compatible with the Glock G42.
- Always treat every firearm as if it is loaded. Keep the firearm pointed in a safe direction at all times.
- Store the trigger kit and any firearm safely and securely when not in use to prevent unauthorized access, especially by children or vulnerable individuals.
- Regularly check for any signs of wear or damage to the trigger kit and the firearm before use.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- Do not attempt to install the trigger kit unless you are familiar with firearm mechanisms and modifications. If unsure, seek assistance from a qualified gunsmith.
- Ensure that the firearm is unloaded before attempting to install the trigger kit.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Avoid using the firearm in wet or damp conditions, as this may affect performance and safety.
- Be cautious while handling ammunition and ensure that it is stored separately from the trigger kit.

Instructions for Installation and Usage

1. Preparation

- Ensure your Glock firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a punch tool and a small hammer.

2. Installation Steps

- Remove the slide from the Glock firearm according to the manufacturer's instructions.
- Carefully remove the original trigger bar from the firearm.
- Attach the Apex Tactical Action Enhancement Trigger Body to the OEM trigger bar. Ensure it is securely mounted.
- Install the Performance Connector as per the provided instructions.
- Reassemble the firearm by following the manufacturer's guidelines, ensuring all components are correctly fitted.

3. Testing

- After installation, conduct a function check to ensure the trigger operates correctly.
- Test the trigger in a safe environment, ensuring that it functions as intended without any malfunctions.

4. Usage

- Always follow safe shooting practices when using the firearm.
- Regularly inspect the trigger kit and firearm for any signs of wear or issues.
- If any problems arise, discontinue use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the trigger kit is no longer in use, it should be disposed of in a manner that prevents unauthorized access, such as recycling or secure disposal.

Contact Information for Further Support

For any safety inquiries or support related to the Apex Tactical Action Enhancement Trigger Kit, please consult the manufacturer's website or your local firearms dealer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Apex Tactical Action Enhancement Trigger Kit. Always prioritize safety and responsible firearm handling.
