

# DAKA MAGNETIC FIELD TRAYS - MAGPUL LARGE MAGNETIC FIELD TRAY FLAT DARK EARTH

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Machinist Accessories](#)

Working on firearms and other mechanical gear can be a nerve-racking task, especially when on the range or out in the field. Losing small parts such as your firing retaining pin or bolt cam pin will render your rifle inoperable until those parts are replaced. To solve these problems, Magpul has designed the DAKA Field Tray. Equipped with a magnetic working surface, the DAKA Field Tray keeps your small parts organized and in one location. Crafted from their durable DAKA material, our Field Trays have the durability, flexibility, and strength that can withstand even the most extreme conditions. By simply snapping the four corners of the flat tray together, you create a walled, contained workspace that keeps your items in one enclosed area. The inside of the Field Tray sheds dirt, oil, and debris for hard use. A strong magnet located under the Magpul icon retains small metallic items such as springs, bolts, pins and screws, ensuring that you won't lose anything important to the job at hand. When not in use, the Field Tray can be un-snapped for flat storage. It's perfect for gun cases, backpacks, and range bags. Overall dimensions Flat: 11.50" x 7.50" Tray: 9.00" x 5.00" Available in Black and Flat Dark Earth

## Attributes

# DAKA Magnetic Field Tray Safety Instruction Guide

## Introduction

Thank you for choosing the DAKA Magnetic Field Tray by Magpul. This guide provides essential safety instructions and usage guidelines to ensure that you can use the product effectively and safely. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the DAKA Magnetic Field Tray is used in accordance with the instructions provided in this manual.
- Always inspect the tray for any damage before use. Do not use if the tray is cracked or damaged.
- Keep the tray away from children and vulnerable individuals to prevent accidents.
- Be aware of the magnetic properties of the tray. Keep it away from electronic devices and magnetically sensitive materials.
- Use the tray only for its intended purpose. Do not use it for food or any other applications not specified in this manual.
- Report any unsafe products or incidents related to the use of this tray to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that small metallic parts, such as springs, bolts, pins, and screws, are placed securely on the magnetic surface to prevent them from falling off.
- Avoid placing heavy items on the tray that may exceed its weight capacity.
- Do not use the tray near flammable materials or in environments with high heat.
- When snapping the corners together, ensure that fingers are kept clear to avoid pinching.
- Do not attempt to disassemble or modify the tray in any way.

## Instructions for Installation and Usage

### 1. Setting Up the Tray:

- Unfold the DAKA Magnetic Field Tray from its flat position.
- Snap the four corners together to create a walled workspace. Ensure that the snaps are secure.

### 2. Using the Tray:

- Place the tray on a flat, stable surface.
- Organize small parts on the magnetic working surface. Ensure that they are placed securely to avoid loss.
- Use the tray to keep your workspace organized while working on firearms or mechanical gear.

### 3. Storage:

- When not in use, unsnap the corners of the tray to return it to its flat position.
- Store the tray in a cool, dry place away from direct sunlight or extreme temperatures.

## Disposal Instructions

- The DAKA Magnetic Field Tray should be disposed of in accordance with local regulations regarding plastic and electronic waste.

- Do not incinerate the tray, as this may release harmful substances.
- If the tray is no longer usable, consider recycling it if facilities are available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the official Magpul website or consult your local retailer.

By following these guidelines, you can ensure safe and effective use of the DAKA Magnetic Field Tray. Thank you for your attention to safety and for choosing Magpul products.
