

STEEL WILDFIRE EDITION SIDE GATE - STEEL WILDLIFE EDITION

.45-70 SIDE GATE

[Firearms](#) > [Rifles](#) > [Lever Action](#)

Lever action with style that sets it apart from the rest, but not enough shine to risk spooking game? Easy- our steel-framed Wildlife editions in two of America's longest-lived hunting calibers, the same .30-30 and .45-70 that our brass Wildlife rifles are chambered for. Like their brass cousins, these steel-framed models acknowledge a long history of hunting, and the lever action's well-earned place in it for over 150 years. More subdued, with blued steel frames and furniture, they're also lighter in weight for long days on foot through dense brush and high mountain terrain. Steel weighs less than our hardened brass material, and the round barrels here also reduce weight for a trimmer hunting package that loses nothing in performance in the field. For added utility, we've also added our popular side loading gate and removable tube magazine configuration. The H009GWL in .30-30 sets off its straight-wristed walnut stock with checkering fore and aft, and replaces the brass buttplate with a black rubber recoil pad. On top, the frame is drilled & tapped for scope mounts, and the 20" barrel is fitted with a semi-buckhorn rear sight and brass bead front blade. Sling swivel studs and our centerfire in-hammer transfer bar make for convenient and safe carry with the hammer down on a loaded chamber, ready for cocking on a fast shot if you need one, with five rounds standing by in the magazine. The steel Wildlife .30-30 carries over the same engraving patterns of the brass version, with American vine, scroll, and braided borders surrounding a circular buck's head portrait in 24K gold relief on the right side behind the ejection port, and an oval-framed leaping buck on the left. Other sections are also accented in gold. The H010GWL in .45-70 is a trim powerhouse with its 18.43" barrel under semi-buckhorn rear and tall brass bead front sights. A checkered pistol grip walnut stock, sling swivel studs, and ventilated black rubber recoil pad fill out the package. Again sharing the .45-70 brass Wildlife Edition's engraving pattern, a 24K gold relief profile of a bear adorns the left side of the blued frame inside gold-accented scroll, line, and braided borders, with a gold relief image of a moose head on the right side. Built to bring home the bacon (or whatever your hunt takes you after), these special steel-framed Wildlife models are a cut above, and a point of pride.

Attributes

- Name: [STEEL WILDLIFE EDITION .45-70 SIDE GATE](#)
- Manufacturer: [HENRY REPEATING ARMS](#)
- Product no.: 100041653

Safety Instruction Guide for STEEL WILDFIRE EDITION SIDE GATE

Introduction

Thank you for choosing the STEEL WILDFIRE EDITION SIDE GATE. This leveraction rifle is designed with safety and performance in mind. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Always use appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe backstop before firing.
- Familiarize yourself with local laws and regulations regarding firearm ownership and use.
- Regularly inspect your firearm for any signs of wear or damage.
- Do not modify the firearm in any way that could affect its safety or performance.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded when not in use.
- Use only the recommended ammunition for your firearm (.4570 Government).
- Do not load the firearm until you are ready to shoot.
- Keep your fingers off the trigger until you are ready to fire.
- Be cautious of obstructions in the barrel before firing.
- Avoid using the firearm under the influence of drugs or alcohol.
- Do not shoot at hard surfaces or water, as bullets can ricochet.
- Always be aware of the potential for wildlife in the area where you are shooting.

Instructions for Installation and Usage

Installation

1. Scope Mounting:

- If you plan to use a scope, ensure the frame is drilled and tapped for scope mounts.
- Follow the scope manufacturer's instructions for proper installation.

2. Sling Swivel Studs:

- Attach sling swivel studs securely to the rifle if you plan to use a sling for carrying.

Usage

1. Loading the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Open the side loading gate and insert the appropriate .4570 Government cartridges into the magazine.
- Close the loading gate securely.

2. Firing:

- Ensure the safety is in the "off" position.
- With the firearm pointed downrange, pull the lever to chamber a round.
- Aim at your target and gently squeeze the trigger to fire.

3. Unloading:

- To unload, point the firearm in a safe direction.
- Open the side loading gate and allow any remaining cartridges to be removed from the magazine.
- Pull the lever to eject any chambered round.

Disposal Instructions

- Dispose of any unused or expired ammunition according to local regulations.
- For the firearm itself, follow local laws regarding the disposal of firearms. It is recommended to contact a licensed firearms dealer or local law enforcement for guidance on proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support, please contact the manufacturer or a licensed firearms dealer. Always ensure that you have access to reliable information regarding the safe use and maintenance of your firearm.

By following these safety guidelines and precautions, you can help ensure a safe and enjoyable experience with your STEEL WILDFIRE EDITION SIDE GATE. Always prioritize safety and responsible firearm use.
