

OKW HANDHELD FLASHLIGHT - MODLITE SYSTEMS OKW-18350 FLASHLIGHT BLACK

[Emergency & Survival Gear](#) > [Lighting](#) > [Flashlights](#)

This light package contains an OKW light head, 18350 Handheld body and tail cap. It also includes a single KeepPower 1200mAh 18350 batteries and a XTAR MC2 charger. While lumen output is only 680 lumen the throw is about 400% greater than the M600DF. This light head is best suited for situations where extreme throw is needed. Features Made in the USA Lifetime guarantee Approximately 680 out the front lumens and candela is approximately 69,000. It is an excellent overall light head good for indoor or outdoor use Drivers are fully potted and tested. 6061 Series Alum bezel with Mil-Spec Hard Anodizing Ultra clear BOROFLOAT® lens allows 98-99% light transmittance Lithium CR123 cells are not supported and if used will cause the cells to heat up and possibly explode or catch fire. Modlite recommends the KeepPower 18350 high drain cells. Runtime is about 35 minutes with the supplied 18350 cells

OKW18350 Safety Instruction Guide

Introduction

Thank you for choosing the OKW Handheld Flashlight Modlite Systems OKW18350. This guide provides essential safety information and instructions to ensure safe and effective use of your flashlight. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle the flashlight with care to prevent accidents.
- Do not expose the flashlight to water or extreme humidity.
- Keep the flashlight away from children and pets.
- Use only the recommended batteries (KeepPower 18350 high drain cells).
- Do not use Lithium CR123 cells as they may cause overheating, explosion, or fire.
- Always check for any visible damage before use. Do not use if damaged.
- Ensure the flashlight is turned off when not in use to prevent battery drain.

Specific Safety Precautions for Use

- Avoid pointing the flashlight directly at eyes, as the bright light can cause temporary blindness or discomfort.
- Use the flashlight in wellventilated areas. Avoid using it in enclosed spaces where heat may build up.
- Do not attempt to disassemble or modify the flashlight.
- If the flashlight becomes excessively hot during use, turn it off immediately and allow it to cool before further use.
- Regularly inspect the battery compartment for signs of corrosion or damage.

Instructions for Installation and Usage

1. Battery Installation:

- Open the battery compartment by unscrewing the tail cap.
- Insert the KeepPower 18350 batteries in the correct orientation (+/-) as indicated inside the compartment.
- Securely close the tail cap.

2. Turning On/Off:

- To turn on the flashlight, press the tail switch firmly.
- To turn it off, press the tail switch again.

3. Charging:

- Use the provided XTAR MC2 charger for charging the 18350 batteries.
- Follow the charger's instructions for proper charging procedures.
- Do not leave the batteries charging unattended.

4. Maintenance:

- Regularly clean the lens and body of the flashlight with a soft, dry cloth.
- Store the flashlight in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the flashlight and batteries in accordance with local regulations.
- Do not dispose of batteries in regular household waste.
- Check for nearby recycling facilities that accept batteries.

Contact Information for Further Support

For questions or concerns regarding the safety or operation of your flashlight, please refer to the manufacturer's customer service or support resources.

We hope you enjoy using your OKW Handheld Flashlight Modlite Systems OKW18350 safely and effectively. Thank you for your attention to these safety guidelines.
