

# CHAMBERING GAGE STAINLESS STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Micrometers](#)

**BADGER ORDNANCE CHAMBERING GAGE** The Badger Ordnance Chambering Gage is a precision tool designed to enhance the accuracy and consistency of rifle barrel chambering. Traditional depth gauges can introduce guesswork and variability during the chambering process; this specialized gage eliminates those uncertainties, ensuring precise chamber dimensions. Key Features: Integrated Dial Indicator: Equipped with a dial indicator, the gage provides real-time, precise measurements during the chambering process, allowing for meticulous adjustments. User-Friendly Design: The gage is designed for ease of use, making it accessible for both novice and experienced gunsmiths aiming for high-precision results. Comprehensive Instructions: Includes detailed instructions to guide users through the chambering process, ensuring proper utilization of the tool for optimal outcomes. Specifications: Components: Comes complete with a dial indicator and instructional guide. Compatibility: Suitable for use with various rifle barrel types during the chambering process. Customer Insights: Customers appreciate the Badger Ordnance Chambering Gage for its ability to remove guesswork from the chambering process. The integrated dial indicator is particularly valued for providing precise, real-time measurements, leading to more accurate and consistent chamber dimensions. Users also commend the comprehensive instructions, which make the tool accessible to those new to rifle barrel chambering. Incorporating the Badger Ordnance Chambering Gage into your gunsmithing toolkit ensures a higher level of precision and consistency in rifle barrel chambering, enhancing both the safety and performance of the finished firearm.

## Attributes

- Name: [BADGER ORDNANCE CHAMBERING GAGE STAINLESS STEEL](#)
- Manufacturer: [BADGER ORDNANCE](#)
- Product no.: 100042712
- Mfr. No.: 200-011
- Colour: Stainless Steel
- Finish: Natural
- Height: 1"
- Length: 8"
- Material: Stainless Steel
- Model Number: Equipped W/a Dial Indicator
- Weight: 0.5 lbs
- Width: 2"
- Delivery weight: 0.318kg
- Shipping height: 51mm
- Shipping width: 76mm
- Shipping length: 165mm

# Safety Instruction Guide for BADGER ORDNANCE CHAMBERING GAGE

## Introduction

Thank you for choosing the Badger Ordnance Chambering Gage. This precision tool is designed to enhance the accuracy and consistency of rifle barrel chambering. To ensure your safety and the optimal use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the Chambering Gage in a welllit and organized workspace.
- Keep the gage out of reach of children and other unauthorized users.
- Inspect the gage before each use for any signs of damage or wear.
- Do not use the gage if it is damaged or malfunctioning.
- Ensure that all components are securely attached before use.
- Follow all local laws and regulations regarding firearms and gunsmithing.

## Specific Safety Precautions for Use

- Use the Chambering Gage only for its intended purpose: measuring and adjusting rifle barrel chamber dimensions.
- Avoid using excessive force when making adjustments to prevent damage to the gage or the rifle barrel.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the gage.
- Be aware of your surroundings and ensure that no one is in close proximity when using the gage.
- Do not leave the gage unattended while in use.

## Instructions for Installation and Usage

1. **Preparation:** Ensure that your workspace is clean and free of clutter. Gather all necessary tools and components.
2. **Assembly:**
  - Attach the dial indicator to the gage according to the provided instructions.
  - Ensure all connections are secure and stable.
3. **Calibration:**
  - Before use, calibrate the dial indicator according to the manufacturer's instructions.
  - Check for accuracy by measuring a known standard.
4. **Usage:**
  - Position the gage in the rifle chamber.
  - Adjust the dial indicator to measure the depth accurately.
  - Make necessary adjustments to the barrel chamber based on the readings.
  - Document measurements for future reference.
5. **PostUse:**
  - Clean the gage after each use to maintain its precision.
  - Store the gage in a safe and dry location.

## Disposal Instructions

- Dispose of the Badger Ordnance Chambering Gage in accordance with local regulations.
- If the gage is no longer usable, consider recycling materials where applicable.
- Do not dispose of the gage in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Badger Ordnance Chambering Gage, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with the Badger Ordnance Chambering Gage. Thank you for your commitment to safety and precision in your gunsmithing endeavors.
