

CONDITION ONE ANGLE COSINE INDICATOR MOUNT - BADGER ORDNANCE CONDITION ONE ANGLE COSINE INDICATOR KIT RIGHT HAND BLACK

[Home](#)

The C1 ACI allows for the attachment of the Sniper Tools Design ACI directly to the C1 line of mounts. It can be used on any C1 mount left/right fore/aft though end users will need to purchase right or left handed ACIs accordingly as the ACI design itself is not ambidextrous in nature. It can be used in conjunction with and opposing other accessories or alone on the mount utilizing the provided standalone puck. The C1 ACI mount can be configured for 2 different ride heights on the mount, high or low. The Right Hand ACI is built for right handed shooters and mounts the ACI on the left side of the mount to be visible when shooting. 7075 T6 Aluminum, Mil Spec Type III Hardcoat Anodized, tan or black. Weight .7 oz.

CONDITION ONE ANGLE COSINE INDICATOR MOUNT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the CONDITION ONE ANGLE COSINE INDICATOR MOUNT by Badger Ordnance. This guide provides essential safety information, installation instructions, and usage guidelines to ensure your product is used safely and effectively. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always follow local laws and regulations regarding firearm accessories and usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before each use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Always verify that the firearm is unloaded before attaching or detaching the ACI mount.
- Ensure that the ACI is securely mounted before use to prevent it from becoming dislodged during operation.
- Be aware of your surroundings and ensure a clear line of sight when using the ACI mount.
- Use the product in a safe and controlled environment, free from obstacles and hazards.
- If using the ACI in adverse weather conditions, ensure that it is properly maintained to avoid malfunctions.

Instructions for Installation and Usage

1. Installation of the ACI Mount:

- Ensure that you have the appropriate tools for installation.
- Remove any existing accessories from the C1 mount.
- Align the ACI mount with the desired position on the C1 mount, ensuring that it is oriented correctly for righthanded use.
- Securely fasten the ACI mount using the provided screws, ensuring that it is tightened to prevent movement.

2. Adjusting the Ride Height:

- The C1 ACI mount can be configured for two different ride heights (high or low).
- To adjust the ride height, loosen the screws on the mount and reposition it to the desired height.
- Retighten the screws securely after adjusting.

3. Using the ACI:

- Once installed, ensure the ACI is properly calibrated according to the manufacturer's instructions.
- Use the standalone puck if necessary, ensuring it is securely attached to the mount.
- When ready to shoot, ensure that the ACI is visible and accessible from your shooting position.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or installation, please refer to the manufacturer's contact information provided with your product or visit the manufacturer's website for more resources.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your CONDITION ONE ANGLE COSINE INDICATOR MOUNT. Always prioritize safety and responsible use while handling firearms and accessories. Thank you for your attention to these important guidelines.
