

C1 MODULAR SAFETY - BADGER ORDNANCE C1 MODULAR SAFETY BLACK

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

Go Condition 1 with our modular safety. Our C1 semi auto safety gives you options for a single sided or ambidextrous control, left or right hand, 60° or 90° throw. The levers and cap have a bright red enamel indicator for easy visual verification. The kit includes long strong side lever, short weak side lever and weak side condition indicator cap for single sided use as well as roll pins and a safety detent hardened to 60Rc. Made from 4140 steel case hardened and Manganese Phosphate coated for a lifetime of service. Installs easily into any M16/AR-15/AR-10/SR-25 pattern rifle.

C1 Modular Safety Badger Ordnance Safety Instruction Guide

Introduction

Thank you for choosing the C1 Modular Safety from Badger Ordnance. This guide provides important safety instructions and guidelines to ensure safe usage and installation of your new product. Please read this guide carefully before using the product and keep it for future reference.

General Safety Guidelines

- Ensure that the product is installed correctly and securely to prevent accidental discharge.
- Always treat the firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the safety mechanism for proper function before use.
- Do not modify the safety or any other component of the firearm without consulting a qualified gunsmith.
- Be aware of your surroundings and ensure that you have a clear line of sight before discharging the firearm.

Specific Safety Precautions for Use

- Only use the C1 Modular Safety with compatible firearms (M16, AR15, AR10, SR25).
- Ensure that the safety is engaged when the firearm is not in use.
- Familiarize yourself with the operation of the safety mechanism before using the firearm.
- Do not attempt to operate the safety while the firearm is in motion or in an unstable position.
- If you notice any irregularities in the safety function, cease use immediately and consult a professional.

Instructions for Installation and Usage

Installation

1. **Gather Tools and Components:** Ensure you have the necessary tools and components, including the long strong side lever, short weak side lever, weak side condition indicator cap, roll pins, and safety detent.
2. **Remove Existing Safety:** If applicable, safely remove the existing safety mechanism from your firearm.
3. **Install the Safety:**
 - Insert the safety detent into the designated area of the firearm.
 - Choose the desired lever (long strong side or short weak side) based on your preference for singlesided or ambidextrous use.
 - Secure the lever onto the safety detent.
 - Use the roll pins to ensure the safety is firmly in place.
4. **Verify Installation:** Check that the safety operates smoothly and engages properly without obstruction.

Usage

- To engage the safety, push the lever to the 'safe' position.
- To disengage the safety, push the lever to the 'fire' position.
- Always perform a visual check to ensure the safety is in the desired position before handling the firearm.

Disposal Instructions

When disposing of the C1 Modular Safety, follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations regarding the disposal of firearm components.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the C1 Modular Safety, please refer to the manufacturer's contact details provided with your purchase. It is important to have access to support for any safety inquiries or productrelated issues.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of your C1 Modular Safety. Always prioritize safety and responsible firearm handling to protect yourself and those around you. Thank you for choosing Badger Ordnance.
