

# SIERRATAC PADDED SLING MULTICAM BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The SIERRATAC Sling, by Spiritus Systems. Customers have been asking Spiritus Systems for a sling for a long time, and they are pleased to have teamed up with SIERRATAC to provide you with one of the best slings on the market. The Sling was developed, and field tested by professional end users in both the LEO and Military realms. Every detail of the sling was meticulously thought out to provide the end user with an optimal solution for securing their weapon. Make no mistake, this sling was designed with real world operations in mind. Notable Features SIERRATAC Proprietary Billet Aluminum Slider allows for quick tension adjustment to the sling without the inherent danger of a tail snagging other items. The slider acts as a solid indexing point under stressful or dark conditions. The slider does have machined slots that allow the user to add a small pull tab to it if desired. Premium foam padding for added comfort during extended operations or training events. The padding encasement is constructed out of 500d Cordura and has a minimal seam that ensures that there are no rough edges that will rub the users neck raw. We do not use biding to close the encasement which can rub your neck raw after prolonged usage. Open looped ends allow the user to add whatever mounting hardware is needed to fit their needs.

## Attributes

- Name: [SIERRATAC PADDED SLING MULTICAM BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)

# SIERRATAC Padded Sling Safety Instruction Guide

## Introduction

Thank you for choosing the SIERRATAC Padded Sling by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure your safe and effective use of the sling. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the sling is used only for its intended purpose, which is to securely carry and support a weapon.
- Always inspect the sling for any signs of wear or damage before each use. Do not use if any defects are found.
- Keep the sling out of reach of children and vulnerable individuals to prevent accidents.
- Be aware of your surroundings when using the sling, especially in crowded or confined spaces.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The sling may pose a risk of entanglement if not properly secured.
  - Improper use may lead to accidental discharge of the weapon.
- **Avoiding Hazards:**
  - Ensure that the sling is properly adjusted and secured before use.
  - Do not allow the sling to dangle or become caught on objects.
  - Always keep the weapon pointed in a safe direction when using the sling.
- **Age Specific Warnings:**
  - This product is not intended for use by children. Ensure that only trained and responsible adults handle the sling.

## Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate mounting hardware for your weapon and sling.
2. Attach the sling to the weapon using the open looped ends, ensuring a secure fit.
3. Adjust the length of the sling using the SIERRATAC Proprietary Billet Aluminum Slider for optimal comfort and functionality.

- **Usage:**

1. When wearing the sling, ensure that it is positioned comfortably across your body.
2. Adjust the tension as needed using the slider for quick adjustments without risking entanglement.
3. During use, remain vigilant of your surroundings and maintain control of your weapon at all times.

## Disposal Instructions

- Dispose of the sling responsibly at the end of its life cycle. Check local regulations for specific disposal guidelines for nylon and other materials.
- Do not incinerate the sling as it may release harmful fumes.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the SIERRATAC Padded Sling, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

By following these guidelines, you can ensure the safe and effective use of your SIERRATAC Padded Sling. Thank you for your attention to safety.
