

SIERRATAC PADDED SLING - SPIRITUS SYSTEMS SIERRATAC PADDED SLING WOLF GREY

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The SIERRATAC Sling, by Spiritus Systems. Customers have been asking Spiritus Systems for a sling for a long time, and they are pleased to have teamed up with SIERRATAC to provide you with one of the best slings on the market. The Sling was developed, and field tested by professional end users in both the LEO and Military realms. Every detail of the sling was meticulously thought out to provide the end user with an optimal solution for securing their weapon. Make no mistake, this sling was designed with real world operations in mind. Notable Features SIERRATAC Proprietary Billet Aluminum Slider allows for quick tension adjustment to the sling without the inherent danger of a tail snagging other items. The slider acts as a solid indexing point under stressful or dark conditions. The slider does have machined slots that allow the user to add a small pull tab to it if desired. Premium foam padding for added comfort during extended operations or training events. The padding encasement is constructed out of 500d Cordura and has a minimal seam that ensures that there are no rough edges that will rub the users neck raw. We do not use biding to close the encasement which can rub your neck raw after prolonged usage. Open looped ends allow the user to add whatever mounting hardware is needed to fit their needs.

SIERRATAC Padded Sling Safety Instructions

Introduction

Thank you for choosing the SIERRATAC Padded Sling by Spiritus Systems. This safety instruction guide is designed to help you understand the proper use, installation, and disposal of the sling while ensuring your safety and compliance with EU regulations.

General Safety Guidelines

- Ensure that the sling is suitable for your specific weapon before use.
- Always inspect the sling for any damage or wear before each use.
- Use the sling only as intended and follow all instructions provided.
- Keep the sling out of reach of children and vulnerable individuals.
- If you notice any signs of wear or damage, discontinue use immediately and replace the sling.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the sling is properly adjusted to fit your body and weapon securely.
- **Tension Adjustment:** Use the SIERRATAC Proprietary Billet Aluminum Slider for quick tension adjustments. Avoid using excessive force that could cause malfunction.
- **Avoid Snags:** Be cautious of the sling snagging on other items or equipment during use. Always be aware of your surroundings.
- **Comfort:** Ensure the foam padding is positioned correctly to avoid discomfort or chafing during extended use.
- **Mounting Hardware:** Use appropriate mounting hardware that is compatible with your weapon and the sling's open looped ends.

Instructions for Installation and Usage

1. Installation:

- Identify the mounting points on your weapon.
- Attach the sling's open looped ends to the appropriate mounting hardware.
- Adjust the length of the sling using the Billet Aluminum Slider for a secure fit.
- Ensure that all connections are secure before use.

2. Usage:

- When using the sling, ensure that it is positioned comfortably across your body.
- Adjust the tension as needed for optimal support and stability.
- Always maintain control of your weapon while using the sling.

3. PostUse:

- After use, inspect the sling for any signs of wear or damage.
- Store the sling in a dry, cool place away from direct sunlight to prolong its lifespan.

Disposal Instructions

- Dispose of the sling in accordance with local regulations regarding textile and plastic waste.
- If the sling is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the SIERRATAC Padded Sling, please refer to the contact information provided by the manufacturer or retailer.

By following these guidelines, you can ensure safe and effective use of your SIERRATAC Padded Sling. Thank you for prioritizing safety in your equipment usage.
