Safety Instruction Guide for ENERGIZER ULTIMATE LITHIUM AAA BATTERIES

Introduction

Thank you for choosing Energizer® Ultimate Lithium™ AAA Batteries. These batteries are designed for optimal performance and safety. This guide provides essential safety instructions to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always store batteries in a cool, dry place away from direct sunlight and heat sources.
- Keep batteries out of reach of children and pets to prevent accidental ingestion.
- Do not expose batteries to water or moisture.
- Do not mix old and new batteries or different brands/types of batteries.
- Dispose of batteries properly according to local regulations.

Specific Safety Precautions for Use

- **Risk of Leakage:** Although Energizer® Ultimate Lithium™ batteries are 100% leak proof*, avoid using damaged or swollen batteries.
- **Temperature Extremes:** Use batteries within the recommended temperature range of 40°F to 140°F (40°C to 60°C) to prevent performance issues.
- **Do Not ShortCircuit:** Avoid shortcircuiting batteries by keeping terminals away from metal objects.
- **Do Not Disassemble:** Do not attempt to open or disassemble the batteries as this may cause leakage or other hazards.
- **Check for Damage:** Inspect batteries for any signs of damage before use. If damaged, discontinue use immediately.

Instructions for Installation and Usage

1. Installation:

- Ensure the device is turned off before installing the batteries.
- Insert batteries according to the polarity markings (+ and -) indicated in the battery compartment.
- Ensure batteries are seated securely in the compartment.

2. Usage:

- Only use Energizer® Ultimate Lithium™ batteries in devices specified by the manufacturer.
- Regularly check battery levels and replace batteries when performance decreases.
- If a device malfunctions or shows signs of battery leakage, remove the batteries immediately and follow disposal instructions.

Disposal Instructions

- Dispose of batteries in accordance with local waste disposal regulations.
- Do not dispose of batteries in household waste.
- Check for local recycling programs that accept batteries to ensure environmentally safe disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of Energizer® Ultimate Lithium™ AAA Batteries, please refer to the EU contact point provided by the manufacturer.

By following these safety guidelines and instructions, you can ensure the safe and effective use of Energizer® Ultimate Lithium™ AAA Batteries. Thank you for your attention to safety.
