

P-10F 9MM HANDGUN - P-10 F COMPETITION-READY 9MM LUGER 5" BBL (2)19RD MAGS BLACK

[Firearms](#) > [Handguns](#) > [Semi-Auto](#)

While many of CZ's tactical handguns were born of competition guns, the new CZ P-10 F Competition-Ready pistol followed the opposite trajectory. The new P-10 F Competition-Ready has a barrel and slide that are a half-inch longer than the full-size model, providing a longer sight radius for the included fiber optic front sight and fixed serrated rear sight, resulting in increased accuracy. Additionally, like other P-10 models, the slide is milled to accept mounting plates for the most popular micro red-dot optics on the market—a must for any competition gun. The pistol is outfitted with an Apex Tactical extended magazine catch, Apex Tactical extended slide stop, Apex Tactical back-slide cover and HB Industries trigger for increased performance. CZ also upgraded the half-inch longer barrel with improved ramp geometry and a match 9mm chamber, both features improving reliability and accuracy. Since every competition gun needs a little flash, gold accents on the barrel slide cover and on the trigger and Henning Group magazine bases make this handgun stand out in the P-10 line and on the firing line.
