

# AR-15 BLACKBEARD DRYFIRE AUTO-RESETTING TRIGGER SYSTEM - MANTIS TECH LLC AR-15 DRY FIRE SYSTEM W/GREEN LASER

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Training & Simulation](#)

You want to be able to do dry fire practice with your AR-15 without having to run the charging handle between shots. An auto-resetting trigger sounds like the perfect thing. This is not a drop-in trigger kit that you can swap with your trigger. This is not a modification to your existing trigger. This is a drop-in Bolt Carrier Group + magazine that works with your existing trigger. It has the same weight, break, and reset. Your dry fire practice just became 100x more effective and engaging. Using electromechanical wizardry, Blackbeard allows you to take up to 10 dry fire shots per second, quickly resetting the hammer between each shot. The ultimate AR trigger reset machine. Installation takes less than a minute. Break open your AR, remove the bolt carrier group, drop in Blackbeard, close your baby up, and put the magazine in place to provide the power. It's a 20 second change-out. Dry fire away, counting how much money you're saving with every sweet trigger break and reset that you hear. Note: all Blackbeards support both direct impingement and piston-driven ARs. Available in four different variations: No laser, trigger reset only Red laser Green laser Infrared laser Technical Laser Details: 650 nm, 60ms pulse duration, Continuous wave for the Red laser 520 nm, 60ms pulse duration, Continuous wave for the Green laser 780 nm, 60ms pulse duration, Continuous wave for the IR laser

# Safety Instruction Guide for AR15 BLACKBEARD DRYFIRE AUTORESETTING TRIGGER SYSTEM

## Introduction

Thank you for choosing the AR15 BLACKBEARD Dryfire AutoResetting Trigger System by MANTIS TECH LLC. This innovative product allows you to practice dry firing with your AR15, enhancing your training experience without the need to operate the charging handle between shots. This guide provides essential safety instructions and information to ensure safe and effective use of the product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times during use.
- Keep your finger off the trigger until you are ready to shoot.
- Use the product only as intended; do not modify or alter it.
- Store the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing the BLACKBEARD system.
- Do not use the BLACKBEARD system in conjunction with live ammunition.
- Always wear appropriate eye protection when using the system.
- Be aware of your surroundings and ensure that no one is in the line of fire when practicing.
- Do not use the system if you are under the influence of drugs or alcohol.
- Follow all local laws and regulations regarding the use of firearms and dry fire practice.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Firearm:** Ensure your AR15 is unloaded and pointed in a safe direction.
2. **Remove the Bolt Carrier Group:** Open your AR15 and carefully remove the existing bolt carrier group.
3. **Install BLACKBEARD:** Insert the BLACKBEARD system into the firearm where the bolt carrier group was located.
4. **Close the Firearm:** Reassemble your AR15 by closing it securely.
5. **Insert the Magazine:** Place the BLACKBEARD magazine into the firearm to provide power for operation.
6. **Check Functionality:** Ensure the system is functioning correctly before commencing practice.

### Usage

- Begin your dry fire practice by pulling the trigger. The BLACKBEARD system allows for up to 10 dry fire shots per second.
- Listen for the reset sound after each trigger pull, indicating the hammer has reset.
- Monitor your practice sessions to ensure you are following safety guidelines at all times.

## Disposal Instructions

- Dispose of the BLACKBEARD system responsibly when it is no longer needed or if it becomes damaged.
- Follow local regulations for electronic waste disposal.

- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR15 BLACKBEARD Dryfire AutoResetting Trigger System, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with the AR15 BLACKBEARD Dryfire AutoResetting Trigger System. Enjoy your training and practice responsibly!
