

# AR-15 BLACKBEARD DRYFIRE AUTO-RESETTING TRIGGER SYSTEM - MANTIS TECH LLC AR-15 DRY FIRE SYSTEM WITH INFRARED LASER

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Training & Simulation](#)

You want to be able to do dry fire practice with your AR-15 without having to run the charging handle between shots. An auto-resetting trigger sounds like the perfect thing. This is not a drop-in trigger kit that you can swap with your trigger. This is not a modification to your existing trigger. This is a drop-in Bolt Carrier Group + magazine that works with your existing trigger. It has the same weight, break, and reset. Your dry fire practice just became 100x more effective and engaging. Using electromechanical wizardry, Blackbeard allows you to take up to 10 dry fire shots per second, quickly resetting the hammer between each shot. The ultimate AR trigger reset machine. Installation takes less than a minute. Break open your AR, remove the bolt carrier group, drop in Blackbeard, close your baby up, and put the magazine in place to provide the power. It's a 20 second change-out. Dry fire away, counting how much money you're saving with every sweet trigger break and reset that you hear. Note: all Blackbeards support both direct impingement and piston-driven ARs. Available in four different variations: No laser, trigger reset only Red laser Green laser Infrared laser Technical Laser Details: 650 nm, 60ms pulse duration, Continuous wave for the Red laser 520 nm, 60ms pulse duration, Continuous wave for the Green laser 780 nm, 60ms pulse duration, Continuous wave for the IR laser

# Safety Instruction Guide for AR15 BLACKBEARD DRYFIRE AUTORESETTING TRIGGER SYSTEM

## Introduction

Thank you for choosing the AR15 BLACKBEARD Dryfire AutoResetting Trigger System by MANTIS TECH LLC. This innovative product allows you to practice dry firing with your AR15 without the need to manually cycle the charging handle. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even when using the BLACKBEARD system for dry fire practice.
- Ensure that your shooting environment is safe and free from any unauthorized individuals.
- Keep the BLACKBEARD system out of reach of children and vulnerable individuals.
- Regularly inspect the BLACKBEARD system for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Misuse of the BLACKBEARD system can lead to accidental discharge or injury.
- Ensure that the firearm is pointed in a safe direction at all times during practice.

- **Avoiding Hazards:**

- Do not use the BLACKBEARD system if the firearm has been modified in a way that could affect its safety.
- Always follow the manufacturer's instructions for installation and usage.
- Do not attempt to disassemble or modify the BLACKBEARD system.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older. Ensure that all users are trained in safe firearm handling practices.

## Instructions for Installation and Usage

- **Installation Steps:**

1. Ensure that your AR15 is unloaded and pointed in a safe direction.
2. Open your AR15 and remove the bolt carrier group.
3. Insert the BLACKBEARD system into the firearm's upper receiver.
4. Close the AR15 and insert the BLACKBEARD magazine into the magazine well.
5. Ensure that the BLACKBEARD system is securely in place before proceeding with practice.

- **Usage Instructions:**

- Once installed, you can begin dry fire practice.
- The BLACKBEARD system allows you to fire up to 10 dry fire shots per second.
- Monitor your practice sessions to ensure that you maintain proper firearm safety protocols.

## **Disposal Instructions**

- Dispose of the BLACKBEARD system in accordance with local regulations.
- Do not dispose of the BLACKBEARD system in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the BLACKBEARD system, please refer to the manufacturer's website or customer support resources.

Thank you for your attention to these safety instructions. Enjoy your training with the AR15 BLACKBEARD Dryfire AutoResetting Trigger System while practicing safe firearm handling.
