

FAST COG SERIES MOUNT FOR TRIJICON ACOG/VCOG - UNITY TACTICAL FAST COG SERIES MOUNT FOR TRIJICON ACOG/VCOG BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Unity Tactical FAST is a series of optic mounts and platforms that provide end users with a quicker sight picture than standard height mounts. The FAST COG Series Mounts were developed to work with all Trijicon ACOG and VCOG series optics. It raises the optical centerline to 2.05" above the rail for faster/easier sight pictures. These scopes come from the factory with a low mount that can impede stock weld and sight pictures while wearing plate carriers, helmets, and communication headsets. The taller FAST mount is a drop-in replacement for the OEM device and greatly aids in rapid threat engagement. The FAST COG Series Mounts are also compatible with the entire FAST Offset Accessory suite for rapid transition to a Miniature Red Dot Sight. 2.05" Height Type III Hardcoat Anodized 2.9 oz (82 grams)

FAST COG Series Mount for Trijicon ACOG/VCOG

Safety Instructions

Introduction

Thank you for choosing the FAST COG Series Mount for Trijicon ACOG/VCOG by Unity Tactical. This product is designed to enhance your shooting experience by providing a quicker sight picture than standard height mounts. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the mount.
- Always check your equipment for any damage or defects before use.
- Use the mount only with compatible optics: Trijicon ACOG and VCOG series.
- Always follow the manufacturer's guidelines for the use of firearms and optics.
- Keep the mount and all related equipment out of reach of children and unauthorized users.
- In case of any accidents or product malfunctions, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the mount is securely attached to the rail before use.
- Regularly inspect the mount for wear and tear, especially after heavy use.
- Avoid using the mount in extreme weather conditions that may affect its performance.
- Do not exceed the weight limit specified by the manufacturer for the optics being used.
- When wearing plate carriers, helmets, or headsets, ensure that the mount does not obstruct your line of sight.
- Be cautious when transitioning to a Miniature Red Dot Sight; ensure that all components are properly secured.

Instructions for Installation and Usage

Installation

1. **Prepare the Mounting Surface:** Clean the rail on your firearm to remove any debris or dirt.
2. **Align the Mount:** Position the FAST COG Series Mount on the rail, ensuring it is aligned with the optic.
3. **Secure the Mount:** Use the provided hardware to securely attach the mount to the rail. Ensure all screws are tightened properly.
4. **Check Stability:** After installation, check the stability of the mount by gently shaking it to ensure it is securely fastened.

Usage

1. **Adjusting the Optic:** Once the mount is installed, attach your Trijicon ACOG or VCOG optic according to the manufacturer's instructions.
2. **Sight Picture:** Raise the optical centerline to 2.05 inches above the rail for optimal sight pictures.
3. **Regular Checks:** Periodically check the mount and optic for stability and alignment during use.

Disposal Instructions

- Dispose of the FAST COG Series Mount in accordance with local regulations for electronic and mechanical waste.
- Do not dispose of the mount in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's website or contact their customer support team for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your FAST COG Series Mount for Trijicon ACOG/VCOG. Thank you for your attention to these important safety guidelines.
