

# **VANGUARD 2 HOLSTERS OVERHOOK KIT - RAVEN CONCEALMENT SYSTEMS VANGUARD 2 OVERHOOK SIG P320 STANDARD/COMPACT COYOTE BROWN**

[Home](#)

The VanGuard 2 is a minimalist IWB holster. Unlike traditional IWB holsters, the VG2 covers only the trigger guard of your weapon. This unique design eliminates the bulk of a traditional holster, while providing a level of safety and security not attainable by simply sticking a pistol in the waistband of your pants. The VanGuard 2 can be used multiple ways: First, it can be used (without a lanyard or the overhook) as a trigger guard cover for storage and transportation safety. This prevents foreign objects from finding their way inside the trigger guard and potentially pressing the trigger, while still allowing the slide to be cycled and the magazine released. This gives users the ability to clear the weapon without the danger of a negligent discharge. Next, it can be used with a static-line tether for on-body (IWB) or off-body carry (such as inside a bag, purse, briefcase, vehicle console, etc). This allows the weapon to be safely carried with a chambered round without fear of a negligent discharge, while still being rapidly deployable. The holster can also be removed by catching the nose of the holster and prying it off. This allows one-hand deployment of the weapon even if the tether or attachment point fails to remove the holster. Finally, the user can attach the overhook to create a stable, secure, IWB holster. The complete system is fully adjustable for ride-height and cant, is tuckable for maximum concealment, and fully ambidextrous. Please be aware, RCS does not advise attempting to re-holster the weapon while the VG2 is inside your clothing. You should remove the VG2 and install it on the weapon outside of your waistband.

## **Attributes**

- Name: [RAVEN CONCEALMENT SYSTEMS VANGUARD 2 OVERHOOK SIG P320 STANDARD/COMPACT COYOTE BROWN](#)
- Manufacturer: [RAVEN CONCEALMENT SYSTEMS](#)
- Product no.: 100044112

# Safety Instruction Guide for VANGUARD 2 HOLSTERS OVERHOOK KIT

## Introduction

Thank you for choosing the VANGUARD 2 HOLSTERS OVERHOOK KIT by RAVEN CONCEALMENT SYSTEMS. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your holster. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the holster by following all instructions.
- Always treat your firearm as if it is loaded.
- Keep the holster and firearm out of reach of children and unauthorized users.
- Regularly inspect the holster for any signs of wear or damage.
- Do not modify the holster in any way that may affect its performance or safety.
- Report any unsafe product incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Trigger Guard Coverage:** The VanGuard 2 covers only the trigger guard. Do not attempt to reholster the weapon while the VG2 is inside your clothing.
- **Storage and Transportation:** Use the VG2 as a trigger guard cover when storing or transporting your firearm to prevent accidental discharge.
- **OnBody Carry:** When using the VG2 with a staticline tether, ensure the tether is securely attached to prevent accidental loss of the firearm.
- **Removal of Holster:** To remove the holster, catch the nose of the holster and pry it off. This allows onehand deployment even if the tether fails.
- **Overhook Attachment:** When using the overhook, ensure it is securely attached to provide a stable and secure IWB holster.

## Instructions for Installation and Usage

### 1. Initial Setup:

- Remove the VG2 from its packaging.
- Inspect the holster for any visible defects or damage.

### 2. Attaching the Overhook:

- Align the overhook with the designated attachment points on the VG2.
- Firmly press the overhook into place until you hear a click, indicating it is securely attached.

### 3. Adjusting Ride Height and Cant:

- Use the adjustable features of the holster to customize the ride height and cant according to your preference.
- Ensure that adjustments do not interfere with the safe operation of the firearm.

### 4. Using the Holster:

- Insert your firearm into the VG2, ensuring that the trigger guard is fully covered.
- If using the staticline tether, secure it to your body or bag for safe carry.

- Practice drawing your firearm from the holster in a safe environment to become familiar with the system.

#### **5. Removing the Holster:**

- To remove the VG2, grasp the nose of the holster and pull it away from your body.
- Ensure that the firearm is secured before attempting to remove the holster.

## **Disposal Instructions**

- Dispose of the holster according to local regulations.
- Do not dispose of the holster in regular household waste if it is damaged or worn.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the VANGUARD 2 HOLSTERS OVERHOOK KIT, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for prioritizing safety and responsible firearm handling. Enjoy the benefits of your new holster, and stay safe!
