

EXTREME SERVICE FIRING PIN STOPS, 9MM SS

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pin Stops](#)

This is your firing pin stop if you have a 9x19 caliber 1911, especially those with Gov't Model slides. The Extreme service firing pin stop is CNC machined out of an oil-quenching tool steel that was chosen for a balance of impact and wear resistance. GI hardness is 44-50 and Harrison Design shoots for 46-48 Rc. The Extreme Service FPS is made .480" wide so it can be fitted to your slide and extractor to prevent extractor "clocking". It has a chamfered fitting pads on each side to make your job easier and the FPS fit better in to the slide. It has a maximum sized radius machined on the bottom rear corner to make it easier for the 9mm cartridge to open the slide. It will reduce the sluggish cycling that many 9mm 1911s have. The firing pin stop is configured for the Series 70, 9mm Government model plus the Commander and smaller models.

Attributes

- Name: [EXTREME SERVICE FIRING PIN STOPS, 9MM SS](#)
- Manufacturer: [HARRISON DESIGN & CONSULTING](#)
- Product no.: 100045339
- Mfr. No.: HD-206-S-9MM
- Make: 1911
- Delivery weight: 0.005kg
- Shipping height: 13mm
- Shipping width: 76mm
- Shipping length: 152mm

Item details

Made in USA

EXTREME SERVICE FIRING PIN STOPS Safety Instruction Guide

Introduction

Thank you for choosing the EXTREME SERVICE FIRING PIN STOPS, specifically designed for 9x19 caliber 1911 firearms, including the Gov't Model slides. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle firearms with care and respect, following all standard safety practices.
- Inspect the firing pin stop for any signs of damage or wear before installation.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Only install the firing pin stop on compatible models (Series 70, 9mm Government model, Commander, and smaller models).
 - Ensure the firearm is unloaded before beginning installation.
- **Usage Safety:**
 - Regularly check the fitting of the firing pin stop to prevent malfunction.
 - Be aware that improper installation may lead to cycling issues or other firearm malfunctions.
- **Maintenance Safety:**
 - Clean the firing pin stop regularly to maintain optimal performance.
 - Avoid using harsh chemicals that could damage the material.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a fitting tool and cleaning supplies.

2. Installation Steps:

- Remove the existing firing pin stop from the slide.
- Clean the area where the new firing pin stop will be installed.
- Fit the new firing pin stop into the slide, ensuring it is aligned correctly.
- Use the chamfered fitting pads to assist with proper placement.
- Adjust the width of the firing pin stop as needed for a snug fit to prevent extractor "clocking."
- Ensure the maximum sized radius on the bottom rear corner is positioned correctly for optimal slide operation.

3. **PostInstallation:**

- Once installed, reassemble the firearm and conduct a function check to ensure proper operation.
- Test the cycling of the firearm with dummy rounds before live fire.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling materials where possible.
- Ensure that the product is disposed of in a way that prevents access by children or unauthorized individuals.

Contact Information for Further Support

For any questions or concerns regarding the EXTREME SERVICE FIRING PIN STOPS, please refer to the manufacturer's contact information provided with your product packaging. Always prioritize safety and compliance with local regulations when using and maintaining your firearm.

By following these guidelines, you help ensure the safe and effective use of your EXTREME SERVICE FIRING PIN STOPS. Thank you for your attention to safety.
