

# POWERSVIEW 2 BINOCULARS - 10X25MM POWERSVIEW 2 BINOCULARS

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binoculars](#)

An all-metal chassis is the new PowerView 2's foundation, and it's never before been offered at this price. The all-metal chassis ensures ruggedness and durability in the harshest elements, meaning the chassis won't crack in the extreme cold of winter, or disform in the intense heat of summer. The new metal body also eliminates uneven weight distribution often found in binoculars with plastic chassis. Multi-coated optics bring in a large amount of light, providing vibrant images for a crisp, clear viewing experience. Updated ergonomics and a rich textured rubber armor guarantee you'll always have a firm grip, even in one hand. The PowerView 2 binoculars can also be used with other Bushnell products, including our binocular harness. **LONG LASTING DURABILITY** Aluminum alloy chassis provides durability without adding unnecessary weight and bulk. **MODERN EXTERIOR DESIGN** High quality, soft touch rubber and brushed metal texture finishes provide classic performance in a great looking, modern design. **EASY TO USE AND CONFIDENT GRIP** Updated ergonomics with soft touch rubber and easy grip texture along the sides of the binocular, and on the bridge, reduce the chance of dropping and give a confident hand feel....even with one hand. **GREAT IMAGE QUALITY WITH SHARP FOCUS** Multi-coated optics draw an incredible amount of light for clear vibrant images, even in low light. Ultra-smooth focus wheel allows you to focus in on your subject quickly for perfect definition when you need it. **AVAILABLE IN MULTIPLE CONFIGURATIONS** Compact, mid and full-size options in roof or porro prism from 10x to 20x provide multiple options for your adventures.

# POWerview 2 BINOCULARS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the PowerView 2 Binoculars. This guide provides important safety information and instructions to ensure a safe and enjoyable experience while using your binoculars. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that the binoculars are used in accordance with the manufacturer's instructions.
- Always supervise children when using binoculars, as they may not be aware of the potential hazards.
- Avoid looking directly at the sun or other intense light sources through the binoculars, as this may cause serious eye damage.
- Keep binoculars away from extreme temperatures, moisture, and direct sunlight to maintain their integrity and functionality.
- Report any unsafe conditions or accidents related to the binoculars to the appropriate authorities.

## Specific Safety Precautions for Use

- **Handling:** Always hold the binoculars with both hands for stability. If using with one hand, ensure a firm grip to avoid dropping.
- **Cleaning:** Use a soft, lintfree cloth to clean the lenses. Do not use harsh chemicals or abrasive materials, as they may damage the optics.
- **Storage:** Store the binoculars in a cool, dry place when not in use. Use a protective case to avoid scratches and impacts.
- **Transport:** When transporting the binoculars, ensure they are secured in a case to prevent damage.
- **Children:** Keep binoculars out of reach of young children when not in use to prevent accidental injury or misuse.

## Instructions for Installation and Usage

### 1. Focusing:

- To focus the binoculars, look through the eyepiece and adjust the central focus wheel until the image is clear.
- Use the right eyepiece adjustment to finetune focus for individual eyesight differences.

### 2. Adjusting the Interpupillary Distance:

- Hold the binoculars with both hands and adjust the eyepieces by moving them closer together or further apart until you see a single round field of view.

### 3. Using the Strap:

- Attach the included strap to the binoculars for easier handling and to prevent dropping.

### 4. Using with Other Bushnell Products:

- The PowerView 2 binoculars can be used with Bushnell accessories, such as the binocular harness, for added convenience during extended use.

### 5. MultiCoated Optics:

- Enjoy enhanced image quality due to the multicoated optics that allow for better light transmission, especially in lowlight conditions.

## **Disposal Instructions**

- Dispose of the binoculars in accordance with local regulations. If the binoculars are damaged beyond repair, check with local waste management for proper disposal methods.
- Do not dispose of electronic components in regular household waste. Follow local guidelines for electronic waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the PowerView 2 Binoculars, please contact the manufacturer or your local retailer for assistance. Always refer to the warranty information provided with your product for details on coverage and support.

By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your PowerView 2 Binoculars. Thank you for your attention to safety and enjoy your viewing adventures!
