Pistol Cleaning Kit Safety Instructions

Introduction

Thank you for choosing the Pistol Cleaning Kit with Aluminum Cleaning Rod by Outers. This product is designed to help you maintain your firearm safely and effectively. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle firearms in a safe manner, treating every firearm as if it is loaded.
- Store the cleaning kit out of reach of children and vulnerable individuals.
- Inspect all components of the cleaning kit for damage before use.
- Use the cleaning kit in a wellventilated area to avoid inhaling chemical fumes from solvents and gun oils.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- **Chemical Safety:**
 - Nitro Solvent Gun Cleaner and Gun Oil can be harmful if ingested or inhaled. Avoid contact with skin and eyes.
 - Wear gloves and safety goggles when using these chemicals.
- **Handling the Cleaning Rod:**
 - The aluminum cleaning rod can become sharp at the ends. Handle with care to avoid cuts.
- **Bore Brush and Jag:**
 - Use the phosphor bronze bore brush and spear pointed jag only as intended. Do not force them into the barrel.
- **Storage:**
 - Keep all components in their designated storage case when not in use to prevent loss or damage.

Instructions for Installation and Usage

1. **Preparation:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
 - Gather all components of the cleaning kit.
2. **Using the Cleaning Rod:**
 - Attach the appropriate cleaning brush or jag to the cleaning rod.
 - Insert the cleaning rod into the barrel from the chamber end, pushing gently until it exits the muzzle.
 - Pull the cleaning rod back through the barrel to clean the interior.
3. **Using the Bore Brush:**
 - Apply a small amount of Nitro Solvent Gun Cleaner to the bore brush.
 - Insert the brush into the barrel and rotate it while pushing it through to remove fouling.
4. **Using the Mop:**
 - After using the brush, follow up with a wool blend mop to remove any remaining solvent and debris.
5. **Applying Gun Oil:**
 - After cleaning, apply a small amount of Gun Oil to a clean patch and wipe down the interior surfaces of the firearm.
6. **Final Inspection:**
 - Inspect the firearm to ensure it is clean and properly lubricated before storing or using.

Disposal Instructions

- Dispose of used patches and any chemical containers in accordance with local hazardous waste regulations.
- Do not pour solvents or oils down the drain.
- Check local guidelines for the proper disposal of cleaning chemicals.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Pistol Cleaning Kit, please refer to the contact information provided on the packaging or product insert.

By following these safety instructions, you can ensure the safe and effective use of your Pistol Cleaning Kit. Always prioritize safety when handling firearms and associated cleaning products. Thank you for your attention to these important guidelines.
