# Pistol Cleaning Kit Safety Instructions

## Introduction

Thank you for purchasing the Outers Pistol Cleaning Kit with Aluminum Cleaning Rod. This kit is designed to help you maintain your firearm safely and effectively. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

## General Safety Guidelines

- Always handle firearms in a safe manner and follow all applicable laws and regulations.
- Ensure the firearm is unloaded before cleaning or performing maintenance.
- Keep the cleaning kit and all its components out of reach of children and unauthorized users.
- Use the cleaning kit only for its intended purpose as described in the instructions.
- Regularly inspect the cleaning kit for any signs of damage or wear. Do not use damaged components.
- Store the kit in a cool, dry place away from direct sunlight and moisture.

## Specific Safety Precautions for Use

- Avoid using excessive force when cleaning to prevent damage to the firearm or cleaning components.
- Always wear safety goggles and gloves when using solvents or cleaning agents.
- Ensure proper ventilation when using nitro solvent gun cleaner and gun oil to avoid inhalation of fumes.
- Do not mix cleaning agents or solvents unless specified by the manufacturer.
- Dispose of used cleaning patches and materials in accordance with local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all cleaning kit components: lightweight cleaning rod, bore brush, mop, patch loop, jag, patches, nitro solvent, and gun oil.

### 2. Cleaning Procedure:

- Attach the appropriate bore brush to the cleaning rod.
- Insert the brush into the firearm's barrel and apply a small amount of nitro solvent.
- Use a backandforth motion to clean the bore. Repeat as necessary.
- After brushing, attach the wool blend mop to the rod and run it through the barrel to remove debris.
- Use the slotted patch loop to attach a cleaning patch soaked in gun oil and run it through the barrel to protect against corrosion.
- Use the spear pointed jag for precise cleaning of hardto reach areas.

### 3. PostCleaning:

- Wipe down the exterior of the firearm with a clean, dry cloth.
- Store the firearm safely and securely.

## Disposal Instructions

- Dispose of empty bottles of nitro solvent and gun oil according to local hazardous waste regulations.
- Used cleaning patches and materials should be placed in a sealed container and disposed of in accordance with local waste management guidelines.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Pistol Cleaning Kit, please refer to the product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Proper use and maintenance of your cleaning kit will ensure a safer and more effective cleaning experience.
