

RUGER SP101 320 GRIPS - RUGER SP101, 320, HYENA BROWN

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The VZ 320 is the smoothest grip VZ produces in their vast line of grips. Minute mill marks are left behind from the CNC machines and are left unpolished. This gives the grip just a hint of texture, which makes for a very comfortable grip. They are visually appealing as well. Since there really isn't any pronounced texture, you can see the bold layers of color in the laminates we use. Designed specifically for the Ruger SP101. T-15 Screw Included.

Attributes

RUGER SP101 320 GRIPS Safety Instruction Guide

Introduction

Thank you for choosing the RUGER SP101 320 Grips in Hyena Brown. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your new grips. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle the grips with care to avoid injury.
- Ensure that the firearm is unloaded before installing or handling the grips.
- Keep the grips out of reach of children and vulnerable individuals.
- Inspect the grips regularly for any signs of damage or wear.
- Do not use the grips if you notice any defects.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation can lead to malfunction or injury. Using grips that are not compatible with your firearm may cause safety issues.
- **Avoiding Hazards:** Always follow the installation instructions provided in this guide. Do not modify the grips in any way. Use only the recommended tools for installation.
- **Warnings:** This product is not intended for use by individuals under the age of 18. Keep the product away from moisture and extreme temperatures to prevent damage.

Instructions for Installation and Usage

1. **Preparation:** Ensure your firearm is unloaded and in a safe area. Gather necessary tools, including a T15 screwdriver (included).
2. **Installation Steps:** Remove the existing grips from the Ruger SP101 using the T15 screwdriver. Align the VZ 320 grips with the firearm's frame. Secure the grips in place using the screws provided, ensuring they are tightened firmly but not overly so to avoid damage.
3. **Usage:** Once installed, practice handling the firearm to become accustomed to the new grips. Ensure that the grips are securely attached before each use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the grips, check with local waste management authorities for proper disposal methods, especially if the grips are damaged.

Contact Information for Further Support

For any questions or concerns regarding the RUGER SP101 320 Grips, please refer to the manufacturer's website or contact their support team directly. Ensure that you have the product details handy for a quicker response.

By following these safety instructions, you can enjoy the enhanced comfort and performance of your RUGER SP101 320 Grips while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
