

# BLADE 1X25MM PRISM SIGHT - SWAMPFOX OPTICS BLADE 1X25MM RED IR BRC RETICLE PRISM SIGHT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

Blade is the mission-driven, wide angle 1x prism scope dedicated for home defense and law enforcement. It sports handy Auto-On Shake N' Wake technology. Blade's revolutionary Bullet Rise Compensating reticle compensates for optic height over bore at just 5, 10, and 15 yards when mounted on an AR-15. Available with red or green illumination, Blade's etched reticle appears black when illumination is off. Blade is an excellent choice for shooters with astigmatism who have issues with dot sights. When you need speed and precision at in-your-face distances, trust the Blade. Eye Relief: 3.8"

# Safety Instruction Guide for BLADE 1X25MM PRISM SIGHT

## Introduction

Thank you for choosing the BLADE 1X25MM Prism Sight by Swampfox Optics. This guide provides essential safety instructions and operational guidelines to ensure your safe and effective use of this product. Please read this document carefully to understand how to use the sight responsibly and safely.

## General Safety Guidelines

- Always handle the prism sight with care to avoid any damage.
- Ensure the sight is mounted securely before use to prevent accidents.
- Regularly inspect the sight for any signs of damage or wear.
- Use the sight only for its intended purpose as described in this guide.
- Store the sight in a safe and dry place when not in use.
- Keep the sight out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the sight, as this can cause permanent eye damage.
- Ensure that the sight is properly calibrated to your firearm before use.
- Be aware of your surroundings and ensure that your line of sight is clear before firing.
- Use the sight in accordance with local laws and regulations regarding firearm usage.
- If you experience any issues with the sight, cease use immediately and consult a qualified technician.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Sight:

- Ensure your firearm is unloaded before mounting the sight.
- Use the appropriate mounting hardware for your firearm model.
- Align the sight on the rail and tighten the screws securely without overtightening.

#### 2. Powering On:

- Insert a CR123A battery into the sight according to the polarity indicated in the battery compartment.
- The sight features AutoOn Shake N' Wake technology; it will turn on when moved.

#### 3. Adjusting the Reticle:

- Use the click adjustments to set the reticle to your preferred zeroing distance.
- Each click adjusts the reticle by 1/2 MOA.

### Usage

#### 1. Illumination Settings:

- The sight has 12 brightness settings. Adjust the brightness according to your environment.
- The reticle will appear black when the illumination is turned off.

## **2. Eye Relief:**

- Maintain an eye relief of 3.8 inches for optimal viewing and safety.

## **3. Shooting:**

- Position your firearm comfortably and ensure a stable shooting stance.
- Focus on the target through the sight and ensure the reticle is aligned before firing.

## **Disposal Instructions**

- Dispose of the sight in accordance with local regulations regarding electronic waste.
- Remove the battery before disposal and follow proper disposal methods for batteries.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the BLADE 1X25MM Prism Sight, please contact the manufacturer directly through their official channels.

By following these safety instructions, you can ensure a safe and enjoyable experience with your BLADE 1X25MM Prism Sight. Always prioritize safety and responsibility when using any optical sight or firearm.
