

# HOSTILE ENGAGEMENT 45™ OFFSET REFLEX SIGHT MOUNT RINGS - SWAMPFOX OPTICS 30MM HIGH 1.6" ALUMINUM PICATINNY OFFSET RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Swampfox Hostile Engagement Rings are the rock solid, easy way to mount any RMR cut reflex red dot sight as a low profile secondary optic to your main rifle scope. No adapters, no hassles, just RMR footprint mounts at a 45-degree angle on each side of every Hostile Engagement ring. Precise, matched pairs of our rings are made from 7075 aluminum and hardcoat oxidized, just like the upper and lower receivers on your AR-15. Hostile Engagement Rings make it easy and affordable to mount a 45-degree offset dot sight on your rifle. Pricing for 1 paired set.

# Safety Instruction Guide for HOSTILE ENGAGEMENT 45™ OFFSET REFLEX SIGHT MOUNT RINGS

## Introduction

Thank you for choosing the HOSTILE ENGAGEMENT 45™ OFFSET REFLEX SIGHT MOUNT RINGS by Swampfox Optics. This guide provides essential safety instructions, installation procedures, and usage recommendations to ensure the safe and effective use of your product. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the product is used only as intended, as outlined in this guide.
- Always inspect the product for damage or defects before installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about recalls and safety alerts by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle the rings with care to avoid scratching or damaging the surface.
- Ensure that the mounting surface is clean and free of debris before installation.
- Avoid overtightening screws during installation, as this may cause damage to the rings or the firearm.
- Do not use the rings if they show signs of wear, damage, or corrosion.
- Use only compatible reflex sights and accessories as specified by the manufacturer.
- Always ensure that the firearm is unloaded when attaching or detaching the sight mount rings.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that you are in a welllit, clean workspace.

### 2. Installation Steps

- Remove the sight from its packaging and inspect for any damage.
- Align the HOSTILE ENGAGEMENT rings with the RMR footprint on the reflex sight.
- Position the rings at a 45degree angle on each side of the main rifle scope.
- Securely attach the rings to the Picatinny rail using the provided screws.
- Tighten the screws to the recommended torque specifications to avoid overtightening.

### 3. Usage Instructions

- After installation, check the alignment of the reflex sight and make necessary adjustments.
- Ensure that the sight is securely mounted before using the firearm.
- Regularly check the tightness of the screws and the condition of the rings during routine maintenance.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for aluminum and other materials.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding safety, installation, or usage, please refer to the manufacturer's website or contact their customer support for assistance.
