

# SIG SAUER P320 COMPACT VERSION 2 SLIDES - GREY GHOST PRECISION SIG SAUER P320 COMPACT SLIDE V2 GREY

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

The adoption of the P320® platform by the U.S. Military, as well as many Law Enforcement agencies, professional lead farmers, competition shooters, and firearm instructors led to the development of a new line of GGP aftermarket slides. After all, the P320's ability to be custom tailored to the individual user's preferences in grip length, grip size, as well as slide length and sight radius are all highly desirable features. Why stop there, when you can have even more customization options when upgrading to a drop-in GGP320 slide. Just like our GGP17/19 and SPG43 slides, these GGP320 slides offers enhanced aesthetic features, increased grip serrations and an improved coating without compromising function. We also took our hybrid MRDS optic cut and added a third option, the SIG ROMEO1. Now you have to option to use a ROMEO1 as well as a Trijicon RMR or Leupold DeltaPoint Pro right out of the box without using bulky adapter plates that only raise the optic further above the bore axis. Available in Grey or Black DLC finish for corrosive and abrasion resistance, the GGP320 will also be available in FDE Cerakote. The GGP320 is a drop-in install that comes with all the enhancements that professional handgun shooters have come to expect from Grey Ghost Precision. GGP320 SLIDE FEATURES: STRIPPED SLIDE MACHINED FROM 416 STAINLESS STEEL FOR TIGHTER-THAN-FACTORY-TOLERANCES AVAILABLE IN BLACK AND GREY DLC (DIAMOND LIKE COATING) OR FDE CERAKOTE 9MM COMPATIBLE ONLY OPTIC CUT COMPATIBLE WITH LEUPOLD DPP, TRIJICON RMR AND SIG ROMEO1 AND ROMEO1PRO (IF THE SLIDE WAS MADE AFTER JANUARY 1ST 2021) AND SUPPLIED SCREWS/SHIM PLATES Not Compatible with Vortex or Aimpoint Optics INCLUDES G10 COVER PLATE WHEN NOT RUNNING AN OPTIC VERSION 1 SLIDE PATTERN WITH AGGRESSIVE SERRATIONS AN WINDOW CUTS VERSION 2 SLIDE PATTERN WITH CHECKERED TEXTURING AND NO WINDOW CUTS COMPATIBLE WITH SIG P320® FULL-SIZE, X-FIVE\*, COMPACT, CARRY AND X-CARRY GRIP MODULES \*X-FIVE BARRELS ARE NOT COMPATIBLE WITH GGP320 SLIDES DUE TO ITS PROFILE. # Safety Instruction Guide for SIG SAUER P320 Compact Version 2 Slides

## Introduction

Thank you for choosing the SIG SAUER P320 Compact Version 2 Slides by Grey Ghost Precision. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Always treat the firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the firearm is not accessible to children or unauthorized users.
- Store the firearm securely when not in use.
- Regularly inspect your firearm and its components for any signs of wear or damage.
- Use only factoryloaded ammunition that is compatible with the SIG P320 platform.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

When using the SIG SAUER P320 Compact Version 2 Slides, please observe the following precautions:

- Do not attempt to modify or alter the slide in any way.
- Ensure that the slide is properly installed before use.
- Verify that the optic cut is compatible with your chosen optics (Leupold DPP, Trijicon RMR, SIG ROMEO1, or ROMEO1PRO).
- Avoid using Vortex or Aimpoint optics, as they are not compatible with this slide.
- Be aware that XFive barrels are not compatible with GGP320 slides due to their profile; use a standard fullsize 320 barrel instead.
- Ensure that you are using the correct completion parts for installation.
- Always wear appropriate eye and ear protection when shooting.

## Instructions for Installation and Usage

Follow these steps for the safe installation and usage of your SIG SAUER P320 Compact Version 2 Slides:

### 1. Unpack the Slide:

- Remove the slide from its packaging and inspect it for any visible damage or defects.

### 2. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing slide from your SIG P320 by following the manufacturer's disassembly instructions.
- Align the GGP320 slide with the frame of the firearm.
- Gently slide it into place until it is fully seated.
- Install the optic, ensuring compatibility with the optic cut. Use the supplied screws and shim plates if necessary.

### **3. Testing:**

- After installation, conduct a function check to ensure that the slide operates correctly.
- Test the firearm in a safe environment, adhering to all safety protocols.

### **4. Maintenance:**

- Regularly clean and maintain the slide according to the manufacturer's instructions.
- Check for wear and tear, and replace any damaged components immediately.

## **Disposal Instructions**

When disposing of the SIG SAUER P320 Compact Version 2 Slides or any related components, please follow these guidelines:

- Dispose of any damaged or nonfunctional parts in accordance with local regulations regarding hazardous materials.
- If the slide is no longer usable, consider recycling it where facilities are available.
- Always ensure that the firearm is unloaded and safe before disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the SIG SAUER P320 Compact Version 2 Slides, please consult the manufacturer's website or contact their customer support for assistance. Ensure you have your product details ready for a more efficient response.

## **Conclusion**

Your safety is paramount. By following the guidelines and instructions provided in this document, you can ensure the safe and effective use of your SIG SAUER P320 Compact Version 2 Slides. Thank you for your attention to these important safety measures.
