

# SIG SAUER P320 COMPACT VERSION 2 SLIDES - GREY GHOST PRECISION SIG SAUER P320 COMPACT SLIDE V2 FDE

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

The adoption of the P320® platform by the U.S. Military, as well as many Law Enforcement agencies, professional lead farmers, competition shooters, and firearm instructors led to the development of a new line of GGP aftermarket slides. After all, the P320's ability to be custom tailored to the individual user's preferences in grip length, grip size, as well as slide length and sight radius are all highly desirable features. Why stop there, when you can have even more customization options when upgrading to a drop-in GGP320 slide. Just like our GGP17/19 and SPG43 slides, these GGP320 slides offers enhanced aesthetic features, increased grip serrations and an improved coating without compromising function. We also took our hybrid MRDS optic cut and added a third option, the SIG ROMEO1. Now you have to option to use a ROMEO1 as well as a Trijicon RMR or Leupold DeltaPoint Pro right out of the box without using bulky adapter plates that only raise the optic further above the bore axis. Available in Grey or Black DLC finish for corrosive and abrasion resistance, the GGP320 will also be available in FDE Cerakote. The GGP320 is a drop-in install that comes with all the enhancements that professional handgun shooters have come to expect from Grey Ghost Precision. GGP320 SLIDE FEATURES: STRIPPED SLIDE MACHINED FROM 416 STAINLESS STEEL FOR TIGHTER-THAN-FACTORY-TOLERANCES AVAILABLE IN BLACK AND GREY DLC (DIAMOND LIKE COATING) OR FDE CERAKOTE 9MM COMPATIBLE ONLY OPTIC CUT COMPATIBLE WITH LEUPOLD DPP, TRIJICON RMR AND SIG ROMEO1 AND ROMEO1PRO (IF THE SLIDE WAS MADE AFTER JANUARY 1ST 2021) AND SUPPLIED SCREWS/SHIM PLATES Not Compatible with Vortex or Aimpoint Optics INCLUDES G10 COVER PLATE WHEN NOT RUNNING AN OPTIC VERSION 1 SLIDE PATTERN WITH AGGRESSIVE SERRATIONS AN WINDOW CUTS VERSION 2 SLIDE PATTERN WITH CHECKERED TEXTURING AND NO WINDOW CUTS COMPATIBLE WITH SIG P320® FULL-SIZE, X-FIVE\*, COMPACT, CARRY AND X-CARRY GRIP MODULES \*X-FIVE BARRELS ARE NOT COMPATIBLE WITH GGP320 SLIDES DUE TO ITS PROFILE. # Safety Instruction Guide for SIG SAUER P320 Compact Version 2 Slides

## Introduction

Thank you for choosing the SIG SAUER P320 Compact Version 2 Slides from Grey Ghost Precision. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully before using the slides, as it contains important information regarding safety, installation, and disposal.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle firearms and firearm components with care to prevent accidents.
- Keep the slides and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Use only recommended ammunition and compatible components with the P320 platform.
- In case of any malfunctions, do not attempt to repair the slides yourself. Seek professional assistance.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to firearm malfunctions.
  - Using incompatible optics or components may compromise safety and performance.
- **Avoiding Hazards:**
  - Always ensure the firearm is unloaded when installing or inspecting the slides.
  - Use only factoryloaded brass ammunition to avoid risks associated with reloaded or nonstandard ammunition.
  - Ensure that the slide is securely attached before using the firearm.
- **AgeSpecific Warnings:**
  - This product is not intended for use by individuals under the age of 18.
  - Ensure that those using the product are trained in safe firearm handling practices.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the firearm is unloaded.
  2. Remove the existing slide from the P320 grip module.
  3. Align the GGP320 slide with the frame and ensure proper fitment.
  4. Secure the slide using the supplied screws and shim plates, if applicable.
  5. Doublecheck that all components are tightly secured before proceeding.
- **Usage:**
  - Before using the firearm with the new slide, conduct a function check to ensure proper operation.
  - Familiarize yourself with the slide features, including optic compatibility and serration patterns.
  - Use the firearm in a safe environment, adhering to all local laws and regulations regarding firearm use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not discard the product in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of firearm components.

## **Contact Information for Further Support**

For any questions or concerns regarding the SIG SAUER P320 Compact Version 2 Slides, please refer to the manufacturer's website or contact their customer support for assistance.

## **Conclusion**

The SIG SAUER P320 Compact Version 2 Slides are designed for enhanced performance and customization. By following the safety guidelines and instructions outlined in this guide, you can ensure safe and effective use of your product. Always prioritize safety and responsible firearm handling practices.
