# Safety Instruction Guide for ARROWHEAD 16X24MM SFP ILLUMINATED RIFLE SCOPE

## Introduction

Thank you for choosing the Swampfox Arrowhead 16X24MM SFP Illuminated Rifle Scope. This guide provides essential safety information and instructions to ensure the safe and effective use of your rifle scope. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Always treat your rifle scope as if it is loaded, even if you believe it is not.
- Ensure that you are familiar with local laws and regulations regarding the use of firearm accessories.
- Store your rifle scope in a secure location, away from children and unauthorized users.
- Regularly inspect your rifle scope for any signs of damage or wear before use.
- Use the rifle scope only for its intended purpose as specified in this guide.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the rifle scope, as this can cause serious eye damage.
- Ensure that the rifle scope is securely mounted to the firearm before use.
- Avoid using the rifle scope in extreme weather conditions that may impair its functionality.
- Be aware of your surroundings and ensure a clear line of sight before aiming or firing.
- Use caution when adjusting the turrets; locking turrets are designed to prevent unintentional adjustments, but always verify your settings before use.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Scope:

- Select a suitable mounting base compatible with your firearm.
- Align the scope with the mounting base and secure it using the provided screws.
- Tighten the screws evenly to ensure stability without overtightening.

#### 2. Adjusting the Eye Relief:

- Position the scope at the correct distance from your eye to achieve the optimal eye relief of 3.54" to 3.39".
- Test the eye relief by looking through the scope while aiming at a target.

#### 3. Leveling the Scope:

- Use a leveling tool to ensure that the scope is perfectly horizontal.
- Adjust the mounting rings as necessary to achieve proper alignment.

### Usage

#### 1. Turning on the Illumination:

- Locate the illumination control and turn it on to activate the illuminated reticle.
- Adjust the brightness to your preference using the control dial.

## **2. Adjusting the Magnification:**

- Use the magnification throw lever to quickly change between 1x and 6x magnification settings.

## **3. Zeroing the Scope:**

- Fire a group of shots at a target to determine the point of impact.
- Adjust the turrets according to the click value of 1/2 MOA to move the point of impact to the desired location.

## **4. Using the Reticle:**

- Familiarize yourself with the Guerrilla Dot MOA Green reticle for accurate targeting at various distances.

# **Disposal Instructions**

- Dispose of the rifle scope in accordance with local regulations.
- If the scope is damaged beyond repair, contact a local waste management facility for proper disposal methods.
- Batteries used in the scope (CR2032) should also be disposed of following local battery recycling guidelines.

# **Contact Information for Further Support**

For any safety inquiries or product support, please contact the manufacturer or your local retailer. Ensure you have the model number (Arrowhead) and relevant details ready for quicker assistance.

By adhering to these safety instructions and guidelines, you can ensure a safer and more enjoyable experience with your Swampfox Arrowhead Rifle Scope. Always prioritize safety and responsible usage.
