

# 6 CAVITY HANDGUN MOULDS - LEE PRECISION 38 CALIBER (0.358") 158GR RN 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

## Attributes

- Name: [LEE PRECISION 38 CALIBER \(0.358"\) 158GR RN 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053352
- Mfr. No.: 90692
- Bullet Style: -
- Bullet Weight (Grains): 158
- Caliber: 357 Caliber,38 Caliber
- Cavities: 6
- Diameter (in): 0.358
- Delivery weight: 0.522kg
- Shipping height: 46mm
- Shipping width: 112mm
- Shipping length: 342mm
- UPC: 734307906924

# Safety Instruction Guide for Lee Precision 6 Cavity Handgun Moulds

## Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Moulds. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the moulds.

## General Safety Guidelines

- Ensure that the moulds are used in accordance with the intended purpose as specified in the product description.
- Always handle the moulds with care to prevent injury or damage.
- Keep the moulds out of reach of children and vulnerable individuals.
- Regularly inspect the moulds for any signs of wear or damage before use.
- In case of any accidents or unsafe incidents, report them to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the moulds.
- Ensure that the working area is clean, welllit, and free from hazards.
- Do not exceed the recommended operating temperatures for the moulds to prevent burns or deformation.
- Avoid using the moulds with incompatible materials that may cause chemical reactions or damage.
- Do not attempt to modify or alter the moulds in any way.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the mould is clean and free of debris before installation.
- Securely attach the mould to the casting machine or appropriate workstation as per the manufacturer's instructions.
- Verify that all alignment pins and bushings are properly fitted to ensure precision.

### 2. Usage

- Preheat the mould according to the recommended temperature settings.
- Pour the molten material into the mould cavities, ensuring not to overfill.
- Allow sufficient cooling time before opening the mould to remove the cast items.
- Always use caution when handling hot moulds and materials.

## Disposal Instructions

- Dispose of any unused or damaged moulds in accordance with local regulations.
- Do not dispose of the moulds in regular household waste if they contain hazardous materials.
- Consider recycling options where applicable.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please contact your local distributor or the manufacturer directly. Ensure you have the product information ready for reference.

This guide has been developed in compliance with the EU General Product Safety Regulation (GPSR). For the safety of all consumers, please adhere to the guidelines and precautions outlined above. Thank you for prioritizing safety in the use of your Lee Precision 6 Cavity Handgun Moulds.
