

SMC PLATE CARRIER - GREY GHOST GEAR SMC PLATE CARRIER, COYOTE BROWN

[Home](#)

The Plate Carrier That Can Do it All

The SMC Plate Carrier is our most advanced carrier design to date. The SMC (Shoot, Move, Communicate) is everything you've wanted in a lightweight, combat-ready plate carrier. Designed to carry a pair of 10"x12" hard plates or most large SAPI plates, the cummerbund features MOLLE/PALS style webbing for the addition of pouches for side plates if you prefer your kidneys remain non-perforated. The front panel also features an open pocket for maps, water/cable retention or enough room for a fleece watch cap or gloves. This carrier is "one size fits most" thanks to its adjustable shoulder straps and cummerbund, ensuring a snug fit for just about every warrior's body type. Should you find yourself on fire, trapped in a tight spot or unexpectedly going for a swim, the new ROC buckles on one shoulder strap (reversible) and either side of the cummerbund can be rapidly released in case of emergency. These also make putting on the carrier much more convenient when you are in a hurry. The secret sauce behind the SMC is literally in the back. YKK Zippers and webbing on the back panel are designed for attaching any one of the new SMC zippered back panels, so you can specifically tailor your carrier for the mission ahead. All these panels are compatible with SOCOM issued carriers with zippered back panel systems. View the whole line in the SMC Back Panel collection. As for the SMC carrier, breathable mesh is built into the cummerbund and inside faces of the carrier body for enhanced comfort. Interior padding enclosed in weave gives the wearer additional comfort and air channels to wick away moisture. There are six rows of MOLLE/PALS style webbing with built in matching loop material on the top three rows for the option of attaching patches or ID panels. Laser cut laminate nylon gives you all the modularity of traditional MOLLE webbing at a significant reduction in weight while remaining strong and water/chemical resistant. Longevity is also increased as cut edges do not fray after they are heat sealed with the laser.

Attributes

- Name: [GREY GHOST GEAR SMC PLATE CARRIER, COYOTE BROWN](#)
- Manufacturer: [GREY GHOST GEAR](#)
- Product no.: 100075071
- Mfr. No.: GTG0295-14

SMC Plate Carrier Safety Instruction Guide

Introduction

Thank you for choosing the SMC Plate Carrier by Grey Ghost Gear. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before using the plate carrier.

General Safety Guidelines

- Always inspect the plate carrier for any signs of damage before each use.
- Ensure that the carrier is properly fitted to your body to prevent any movement during use.
- Be aware of your surroundings and avoid situations that may pose a risk to your safety while wearing the carrier.
- Do not exceed the recommended weight limit for the carrier to maintain structural integrity.
- Keep the carrier clean and dry to prevent material degradation.

Specific Safety Precautions for Use

- **Hazard Awareness:**
 - Be cautious of sharp objects that may puncture the carrier.
 - Avoid exposure to extreme temperatures that may affect the material properties.
- **Age Restrictions:**
 - This product is designed for adult use. Keep away from children.
- **Emergency Release:**
 - Familiarize yourself with the ROC buckles for quick release in emergencies.
- **Weight Distribution:**
 - Ensure that any additional pouches or gear do not compromise the balance of the carrier.

Instructions for Installation and Usage

1. Fitting the Carrier:

- Adjust the shoulder straps and cummerbund to achieve a snug fit.
- Ensure the carrier is centered on your torso for optimal weight distribution.

2. Attaching Plates:

- Insert the 10"x12" hard plates or large SAPI plates into the designated pockets.
- Ensure plates are securely placed and do not shift during movement.

3. Using MOLLE/PALS Webbing:

- Attach additional pouches or side plates to the MOLLE webbing as required.
- Make sure attachments are secure and do not obstruct movement.

4. Using the Open Pocket:

- Utilize the front panel pocket for storing maps, water, or other lightweight items.
- Avoid overloading the pocket to maintain comfort.

5. Care and Maintenance:

- Regularly clean the carrier with mild soap and water. Avoid harsh chemicals.
- Store the carrier in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the plate carrier in accordance with local regulations for textile and plastic waste.
- If the carrier is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding your SMC Plate Carrier, please consult the manufacturer or authorized retailer. Ensure you have the product details on hand for efficient assistance.

Thank you for your attention to these safety guidelines. Proper use and care of your SMC Plate Carrier will enhance your experience and ensure your safety.
