

10/30 AR/M4 GEN M3 PMAG - MAGPUL PMAG GEN M3 5.56/.223 10RD IN 30RD BODY FOR AR-15 BLK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

A Full-Size, Capacity-Restricted Magazine for Easy Handling

If you're living behind enemy lines in a state that doesn't recognize your natural right to keep and bear arms, we feel for you, and we're doing what we can. One of the ways Magpul's helping those living in locales with less freedom is through the design of its PMAG 10/30 design, which gives you a 10-round capacity in a full-size package. Those who've handled 10-round compliant magazines know that they're hard to manage, and they sure don't work with most of the magazine carriers and chest pouches on the market. This Magpul PMAG 10/30 design gives you the full profile of a 30-round AR-15 magazine, so you can wrap your full hand around the magazine body for administrative reloads and malfunction clearances. The mags are built with a unique locking plate that limits capacity to 10 rounds of 5.56 NATO, and this plate is secured permanently with an aluminum rivet. You'll also find a few other handy features on this Magpul PMAG 10/30 design, including a redesigned bolt catch, an overtravel stop that prevents over-insertion, and aggressive texturing at the front and rear for a solid grip. There's also a paint-pen dot matrix located on the bottom, so you can keep track of your magazines. This magazine is not designed to be modified in any way.

Attributes

Safety Instruction Guide for Magpul PMAG 10/30 AR/M4 GEN M3

Introduction

Thank you for choosing the Magpul PMAG 10/30 AR/M4 GEN M3 magazine. This guide provides essential safety instructions and usage information to ensure safe handling and operation of your magazine. Please read this guide carefully before use.

General Safety Guidelines

- Always treat every magazine as if it is loaded.
- Store magazines in a secure location, out of reach of children and unauthorized users.
- Inspect the magazine before each use for any signs of damage or wear.
- Do not attempt to modify or alter the magazine in any way.
- Use only compatible firearms as specified by the manufacturer.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- Ensure the firearm is in a safe condition before inserting or removing the magazine.
- Avoid using the magazine in harsh environments that could compromise its integrity.
- Do not overload the magazine beyond its 10round capacity.
- Be aware of your surroundings when handling firearms and magazines.
- If you experience any malfunctions while using the magazine, cease use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into the magazine well until it clicks into place.

2. Usage:

- Load the magazine with up to 10 rounds of 5.56 mm NATO ammunition.
- To remove the magazine, press the magazine release button on the firearm.
- Pull the magazine out of the magazine well while ensuring the firearm remains pointed in a safe direction.
- Always perform administrative reloads in a safe environment.

Disposal Instructions

- When the magazine reaches the end of its useful life, dispose of it in accordance with local regulations.
- Do not burn or incinerate the magazine, as it may release harmful substances.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions regarding the safety and use of your Magpul PMAG 10/30, please refer to the manufacturer's

website or customer service resources.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Magpul PMAG 10/30 AR/M4 GEN M3 magazine. Always prioritize safety and compliance with applicable laws and regulations. Thank you for your attention to these important guidelines.
