**RCBS ULTRASONIC WEAPONS CLEANING SOLUTION** The RCBS Ultrasonic Weapons Cleaning Solution is an excellent choice for those who want to achieve a thorough and effective cleaning of their firearm parts. This solution is specifically designed for use with the RCBS Ultrasonic Case Cleaner and quickly removes grease, carbon buildup, and fouling from firearm parts. The RCBS Ultrasonic Weapons Cleaning Solution is non-corrosive and non-combustible, making it safe to use. Its powerful cleaning action and rust preventive properties make it an excellent choice for anyone who wants to keep their firearm parts in optimal condition. What's great about the RCBS Ultrasonic Weapons Cleaning Solution is that it is fast-acting and synthetic, which allows it to clean all part surfaces thoroughly. It also features a rust preventive that helps stop corrosion, ensuring that your firearm parts remain in top condition after cleaning. Using the RCBS Ultrasonic Weapons Cleaning Solution is easy. Simply add the solution to your Ultrasonic Case Cleaner, submerge your firearm parts, and turn on the cleaner. The solution does the rest, quickly and efficiently cleaning your parts without damaging them. **FEATURES** Concentrated, low-foaming formula quickly removes carbon buildup, grease and fouling from all interior and exterior surfaces of firearm parts Rust preventive fights corrosion Non-corrosive and non-combustible 1-quart container makes 10 gallons of cleaning mix (40:1 ratio) Built-in measuring cup Made in the USA

# Safety Instruction Guide for RCBS Ultrasonic Case Cleaner

## Introduction

Thank you for choosing the RCBS Ultrasonic Case Cleaner. This product is designed to help you achieve a thorough cleaning of your brass cases. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the cleaner according to the manufacturer's instructions.
- Ensure that the cleaner is placed on a stable, level surface to prevent spills or accidents.
- Keep the cleaner out of reach of children and pets.
- Do not use the cleaner for any purpose other than its intended use.
- Avoid using the cleaner in wet or damp conditions to reduce the risk of electrical hazards.
- Always supervise its use, especially around vulnerable individuals.

## Specific Safety Precautions for Use

- Before using the ultrasonic cleaner, check for any visible damage. Do not use the cleaner if it is damaged.
- Use only the recommended cleaning solutions, such as the RCBS Ultrasonic Gun Cleaning Solution, to avoid chemical reactions.
- Do not exceed the maximum fill line indicated in the cleaner's tank to prevent overflow.
- Avoid placing any items in the cleaner that are not intended for ultrasonic cleaning, such as electronics or sensitive materials.
- Ensure that the cleaning solution is properly diluted according to the instructions on the bottle.
- Always unplug the cleaner when not in use and before performing any maintenance.

## Instructions for Installation and Usage

### 1. Setup:

- Place the ultrasonic cleaner on a flat, stable surface.
- Ensure adequate ventilation in the area where the cleaner will be used.
- Plug the cleaner into a grounded electrical outlet.

### 2. Filling the Cleaner:

- Remove the lid and fill the tank with water up to the maximum fill line.
- Add the RCBS Ultrasonic Gun Cleaning Solution according to the dilution instructions provided on the bottle.

### 3. Operating the Cleaner:

- Turn on the cleaner using the userfriendly keypad.
- Select the desired cleaning time and temperature settings.
- Place the brass cases into the cleaning basket and lower it into the tank.
- Close the lid securely before starting the cleaning process.

### 4. After Cleaning:

- Once the cleaning cycle is complete, carefully remove the basket from the tank.

- Rinse the brass cases with clean water to remove any remaining cleaning solution.
- Allow the cases to dry completely before use or storage.

## **Disposal Instructions**

- Dispose of any unused cleaning solution and waste water according to local regulations.
- Do not pour cleaning solutions down the drain unless permitted by local waste disposal guidelines.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS Ultrasonic Case Cleaner, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your RCBS Ultrasonic Case Cleaner. For further information on product safety, recalls, and updates, please stay informed through the EU's Safety Gate platform. Thank you for your attention to these important safety guidelines.
