Safety Instruction Guide for TruChoke Thinwall Choke Tubes

Introduction

Thank you for choosing the TruChoke Thinwall Choke Tubes. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this guide carefully before using the choke tubes to avoid any potential hazards.

General Safety Guidelines

- Always use the choke tubes according to the manufacturer's specifications to prevent accidents or injuries.
- Inspect the choke tubes for any signs of damage or wear before each use.
- Keep the choke tubes out of reach of children and unauthorized users.
- Ensure that the shotgun is unloaded before installing or removing the choke tubes.
- Familiarize yourself with the specific choke type and its intended use to avoid misuse.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use TruChoke Thinwall Choke Tubes with compatible shotguns that accept the TruChoke thread size.
- Use only the recommended ammunition types as specified in the product description:
 - 2 $\frac{3}{4}$ " Lead Shot loads ONLY for TruChoke Thinwall tubes.
 - XFull and Turkey constrictions are for Lead and HeviShot ONLY.
- Avoid using the choke tubes with ammunition types not specified, such as steel shot loads, unless indicated.
- Ensure that the choke tubes are properly secured before firing to prevent any accidents.
- Avoid excessive tightening of the choke tubes to prevent damage to the threads.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded.
- Use a choke tube wrench to remove the existing choke tube if necessary.
- Clean the threads of the shotgun barrel to ensure proper fit.
- Align the TruChoke Thinwall Choke Tube with the threads and gently screw it into place.
- Use the choke tube wrench to securely tighten the choke tube, but do not overtighten.

2. Usage:

- After installation, check that the choke tube is secure before loading the shotgun.
- Always follow the manufacturer's guidelines regarding the type of ammunition to use.
- Regularly inspect the choke tubes during use for any signs of wear or damage.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste if they contain hazardous materials.
- Contact local waste management for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer directly through their official communication channels.

Thank you for prioritizing safety while using the TruChoke Thinwall Choke Tubes. Your adherence to these guidelines will help ensure a safe and enjoyable shooting experience.
