

# 1911 SLIDES - CASPIAN STAINLESS STEEL, BO-MAR SIGHT CUT, .40 S&W/10MM

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

## Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

## Attributes

- Name: [CASPIAN STAINLESS STEEL, BO-MAR SIGHT CUT, .40 S&W/10MM](#)
- Manufacturer: [CASPIAN](#)
- Product no.: 168000068

# Consumer Safety Instructions for 1911 Slides Caspian Stainless Steel, BoMar Sight Cut

## Introduction

Thank you for choosing the 1911 Slides Caspian Stainless Steel, BoMar Sight Cut. This guide provides important safety information and instructions to ensure the safe use and installation of your product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the slide with care to avoid injuries.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the slide for signs of wear or damage.
- If you notice any defects or issues, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or handling the slide.
- Use appropriate protective gear, such as safety glasses, when performing installation or maintenance.
- Avoid using excessive force when racking the slide to prevent slippage or injury.
- Ensure that you are using the correct firing pin compatible with the slide (9mm/.38 Super).
- Be aware that the slide is designed for specific cartridges: .45 ACP, .40 S&W, and 9mm.
- Do not attempt to modify the slide or any of its components.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the necessary tools for installation.
- Verify that the firearm is completely unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Remove the existing slide from the firearm frame by following the manufacturer's instructions.
- Align the Caspian slide with the frame, ensuring proper fit.
- Securely attach the slide to the frame, following any specific torque specifications provided by the manufacturer.
- Confirm that the slide operates smoothly by racking it several times.

### 3. Usage:

- Always check that the firearm is in a safe condition before loading any ammunition.
- Familiarize yourself with the operation of the slide, including the rear cocking serrations for ease of use.
- Practice safe handling and shooting techniques at all times.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and firearm components.
- Do not throw the slide in regular household waste. Check for recycling options or designated disposal sites.

By following these guidelines, you can ensure the safe and effective use of your 1911 Slides Caspian Stainless Steel, BoMar Sight Cut. Thank you for your attention to safety.
