

.22 RIMFIRE RIFLE/AUTO PISTOL/REVOLVER REAMERS - CLYMER RIMFIRE RIFLE/AUTO PISTOL FIN. STYLE FITS .22 WIN. RFM

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Rimfire Reamers](#)

Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed.

Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need.

Safety Instruction Guide for .22 Rimfire Rifle/Auto Pistol/Revolver Reamers

Introduction

Thank you for choosing the .22 Rimfire Rifle/Auto Pistol/Revolver Reamers by Clymer. This guide provides essential safety information to ensure the safe and effective use of these precision tools. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all tools are used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using reamers.
- Keep the work area clean and welllit to avoid accidents.
- Store tools in a dry, secure location away from children and unauthorized users.
- Regularly inspect tools for wear and damage before use.
- Do not use tools that are damaged or malfunctioning; replace or repair them immediately.
- Follow all local regulations and laws regarding the use of firearms and related tools.

Specific Safety Precautions for Use

- Only use the reamers for their intended purpose: cutting chambers in firearms.
- Ensure that the firearm is unloaded and safe before beginning any work.
- Use the appropriate reamer for the specific chamber you are working on. Roughers should only be used to save wear on the Finish Reamer when multiple chambers are to be cut.
- Avoid cutting the throat area with roughers to maintain the integrity of the Finish Reamer.
- If you are inexperienced in using reamers, seek guidance from a qualified gunsmith.
- Keep hands and fingers clear of cutting areas to prevent injury.
- Do not exceed the recommended cutting speed for the reamers to avoid overheating and damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and PPE before starting.
- Ensure that your work area is free of distractions.

2. Using the Rougher:

- Select the appropriate Rougher reamer.
- Secure the reamer in a suitable drill or tool holder.
- Align the reamer with the chamber and begin cutting, applying consistent pressure.

3. Using the Finish Reamer:

- After roughing the chamber, switch to the Finish Reamer.
- Again, secure the Finish Reamer in a suitable drill or tool holder.
- Carefully finish the chamber to the desired specifications.

4. PostUse:

- Clean the reamers after each use to remove debris and prevent corrosion.

- Store the reamers in a protective case or designated storage area.

Disposal Instructions

- Dispose of any damaged or worn reamers in accordance with local regulations.
- Recycle materials when possible, following the appropriate guidelines for metal recycling.
- Ensure that all tools are disposed of in a manner that prevents access by children or unauthorized individuals.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the .22 Rimfire Rifle/Auto Pistol/Revolver Reamers, please refer to the manufacturer's contact information provided with the product. It is important to have access to a reliable source for safety inquiries.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you will ensure a safe and effective experience while using the .22 Rimfire Rifle/Auto Pistol/Revolver Reamers. Always prioritize safety and seek professional assistance if you are unsure of any procedures. Thank you for your commitment to safety and responsible tool usage.
