

NO-GO HEADSPACE GAUGES - CLYMER NO GO 221 REMINGTON FIREBALL HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [CLYMER NO GO 221 REMINGTON FIREBALL HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100219
- Mfr. No.: NG221REM
- Cartridge: 221 Remington Fireball
- Colour: Steel
- Height: 0.68"
- Length: 1.25"
- Material: Steel
- Model Number: NO GO 221 Remington Fireball
- Style: No Go Gauge
- Weight: 0.02 lbs
- Width: 0.68"
- Delivery weight: 0.014kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

HEADSPACE GAUGES NOGO CLYMER NO GO 221 REMINGTON FIREBALL HEADSPACE GAUGE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauge for your firearms needs. This guide provides essential safety instructions to ensure the proper use and handling of the gauge, in compliance with the EU General Product Safety Regulation (GPSR). Please read and follow these instructions carefully to ensure your safety and the safety of others.

General Safety Guidelines

- Always handle firearms and gauges with care and respect.
- Ensure that you are in a safe environment when using the gauge.
- Keep the gauge out of reach of children and unauthorized users.
- Inspect the gauge for any signs of damage before use.
- Use the gauge only for its intended purpose, which is to measure the headspace of firearms.
- Follow all local laws and regulations regarding firearms and their accessories.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper use of the gauge may lead to inaccurate measurements, which can result in unsafe chambering of a firearm.
- Using a damaged gauge may compromise safety.

• Avoiding Hazards:

- Always verify that the gauge is suitable for your specific firearm caliber.
- Ensure that the firearm is unloaded before using the gauge.
- Do not force the gauge into the chamber; it should fit smoothly.
- If the gauge indicates a "NoGo" condition, do not attempt to chamber the firearm.

• Age Restrictions:

- This product is intended for use by individuals who are knowledgeable about firearms and headspace measurements. It is not suitable for use by children.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary tools and materials.

2. Using the Gauge:

- Identify the correct gauge for your firearm's caliber.
- Insert the gauge into the chamber of the firearm gently and without force.
- Observe the gauge reading:

- If the gauge fits freely, the headspace is acceptable (Go).
- If the gauge does not fit, the headspace is too long (NoGo).

3. **PostUse:**

- Remove the gauge from the chamber carefully.
- Store the gauge in a safe place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations.
- If the gauge is damaged or no longer usable, do not attempt to repair it. Dispose of it responsibly to avoid any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the manufacturer or your local firearms authority for guidance. Always ensure that you are following the latest safety regulations and practices.

By adhering to these safety instructions, you can ensure a safe and effective experience with your Clymer NoGo Headspace Gauge. Thank you for prioritizing safety in your firearm practices.
