

# COPPER ELIMINATOR BORE BRUSHES - DEWEY 6MM 8-32M BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning brushes have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

## Attributes

- Name: [DEWEY 6MM 8-32M BORE BRUSH 3/PACK](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000103
- Mfr. No.: B-24NA
- Caliber: 243/6 mm (.243)
- Style: Rifle
- Quantity: 3
- Delivery weight: 0.045kg
- Shipping height: 3mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 608060000321

# Safety Instruction Guide for COPPER ELIMINATOR BORE BRUSHES

## Introduction

Thank you for choosing the COPPER ELIMINATOR BORE BRUSHES by DEWEY. This guide provides essential safety instructions to ensure the safe and effective use of our product. Please read this guide carefully before use to understand the precautions necessary for your safety and the proper handling of the bore brushes.

## General Safety Guidelines

- Always handle the bore brushes with care to avoid injury.
- Ensure that the brushes are used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bore brushes regularly for any signs of wear or damage before use.
- In case of an emergency or unsafe situation, stop using the product immediately and report it to the appropriate authorities.

## Specific Safety Precautions for Use

- **Chemical Safety:** Avoid using ammoniabased solvents with brass components as they may react and cause falsepositive indications of copper fouling.
- **Bore Protection:** Use the brushes gently to prevent scratching or damaging the bore and muzzle.
- **Personal Protective Equipment (PPE):** It is recommended to wear safety goggles and gloves when cleaning firearms to protect against debris and cleaning solvents.
- **Ventilation:** Ensure that the area where you are using the bore brushes is wellventilated to avoid inhaling any fumes from cleaning solvents.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary cleaning supplies, including the bore brush, cleaning rod, and appropriate cleaning solvent.

### 2. Attaching the Bore Brush:

- Select the appropriate bore brush size based on your firearm's caliber.
- If using a Dewey Copper Eliminator rod, attach the brush securely using the 832 threaded end.
- For smallcaliber brushes (.17 and .20), use a compatible cleaning rod with 540 threads.

### 3. Cleaning the Bore:

- Apply a cleaning solvent to the bore brush.
- Insert the bore brush into the bore from the chamber end and push it through to the muzzle end.
- Repeat this process several times, ensuring thorough cleaning of the bore.
- After cleaning, remove the brush and clean any excess solvent from the firearm.

### 4. PostUsage Care:

- Clean the bore brush after each use to maintain its effectiveness.
- Store the brushes in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of old or damaged bore brushes in accordance with local regulations.
- Do not throw brushes in regular household waste if they contain harmful materials.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the COPPER ELIMINATOR BORE BRUSHES, please consult with your local retailer or visit the manufacturer's website for additional support and information.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your COPPER ELIMINATOR BORE BRUSHES. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for choosing DEWEY for your firearm maintenance needs.
