Match-Grade Barrel Blanks From U.S.'s Oldest Barrel Maker

Famous, Douglas Double XX, premium-grade barrels are an excellent choice for any rebarrelling project. Proven accuracy and finest care in manufacture. Button rifled for unequalled smoothness with tolerances for groove diameter and straightness held to .0005". .22 through .338 barrels feature 6- grooves while the .358, .375 and .458 barrels have 8. No straightening is done and all barrels are stress relieved.

Consumer Safety Instruction Guide for CONTOUR #5 DOUGLAS .375 112 TWIST SS #5 CONTOUR ULTRA RIFLED BARREL

Introduction

Thank you for choosing the CONTOUR #5 DOUGLAS .375 112 TWIST SS #5 CONTOUR ULTRA RIFLED BARREL. This guide provides essential safety instructions to ensure the safe use and handling of your product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that all safety precautions are followed during the handling and installation of the barrel.
- Always wear appropriate protective gear, such as safety glasses and gloves, when working with firearms and related components.
- Keep the barrel out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Familiarize yourself with the specific firearm model for which this barrel is intended to ensure compatibility and safe operation.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- Improper installation may lead to firearm malfunction or injury.
- Handling of the barrel without proper training may pose risks.
- Ensure that the barrel is free from obstructions before use.

• Avoiding Hazards:

- Only use the barrel with firearms that are compatible with the .375 caliber specifications.
- Follow all manufacturer guidelines for installation and usage.
- Never attempt to modify the barrel or its components.
- Ensure that the firearm is unloaded before installation of the barrel.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment.
- Ensure that the workspace is clean and free of distractions.

2. Installation:

- Refer to the firearm's user manual for specific instructions on barrel installation.
- Carefully remove the existing barrel from the firearm, following the manufacturer's guidelines.
- Align the new barrel with the receiver and secure it using the appropriate tools.
- Doublecheck all connections to ensure a secure fit.

3. Usage:

- Before firing, ensure that the barrel is properly installed and that the firearm is in good working condition.
- Always follow standard firearm safety practices, including pointing the firearm in a safe direction and keeping your finger off the trigger until ready to shoot.
- After use, clean the barrel according to the manufacturer's recommendations to maintain optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the barrel is damaged beyond repair, consult local authorities for proper disposal methods.
- Do not dispose of the barrel in regular waste; check for specific recycling or hazardous waste guidelines in your area.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the EU-based contact point provided by the manufacturer or retailer. Ensure to have your product details ready for assistance.

By following these guidelines, you can ensure the safe and effective use of your CONTOUR #5 DOUGLAS .375 112 TWIST SS #5 CONTOUR ULTRA RIFLED BARREL. Thank you for your attention to safety.
