

1911 HEAVY DUTY SLIDE STOP - EGW 9MM/.38 SUPER, SS, .203"

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Machines From Hardened Steel For Maximum Strength & Durability; Standard & Oversized Pins Available

Heavy duty slide stop is precision machined from steel bar stock, then heat-treated for superb hardness and durability. Ensures a precise fit to frame for secure, consistent lockup; prevents slop or "play" that can compromise accuracy. Available with standard .200" diameter pin or oversized .203" pin for custom fitting to ensure the tightest possible lockup for maximum accuracy. Both sizes available in blued 4140 carbon steel or stainless steel, both with a fine bead-blasted matte finish. Fine-line serrations on pad give your finger secure purchase to release the slide on the first pass.

Attributes

- Name: [EGW 9MM/.38 SUPER, SS, .203"](#)
- Manufacturer: [EGW](#)

1911 Heavy Duty Slide Stop Safety Instruction Guide

Introduction

Thank you for choosing the 1911 Heavy Duty Slide Stop. This product is designed for use with 1911style firearms, including Government, Commander, and Officers models. The slide stop is precision machined from steel for durability and performance. This guide provides important safety instructions and usage guidelines to ensure safe operation and maintenance.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure the firearm is unloaded before installing or working on the slide stop.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the slide stop for wear or damage.
- If you notice any issues, do not use the firearm until it has been inspected by a qualified gunsmith.

Specific Safety Precautions for Use

- Ensure that the slide stop is compatible with your specific firearm model.
- Use only the recommended pin diameter (.200" or .203") for your installation.
- Avoid using excessive force when installing or removing the slide stop.
- Always follow the manufacturer's instructions for your firearm when installing components.
- Wear safety glasses when working on firearms to protect your eyes from debris.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool, hammer, and safety glasses.

2. Installation

- Remove the existing slide stop by gently driving out the retaining pin with a punch tool.
- Align the new slide stop with the frame of the firearm.
- Insert the appropriate pin (.200" or .203") through the slide stop and frame.
- Ensure the slide stop is secure and functions properly by testing the lockup.

3. Usage

- To release the slide, press the slide stop with your finger.
- Ensure that your grip is secure to avoid slipping during operation.

4. Regular Maintenance

- Periodically check the slide stop for any signs of wear or damage.
- Clean the slide stop as needed to prevent buildup of debris or residue.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.

- Do not dispose of the slide stop in household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

- For any safety inquiries or concerns regarding the 1911 Heavy Duty Slide Stop, please contact the manufacturer or your local firearms expert for assistance.

By following these guidelines, you can ensure the safe and effective use of the 1911 Heavy Duty Slide Stop. Thank you for your attention to safety and responsible firearm ownership.
