

# HOWA 1500/WEATHERBY VANGUARD SHORT ACTION HD SCOPE BASES - EGW HOWA 1500/WEATHERBY VANGUARD SA 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your rifle. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

## Attributes

- Name: [EGW HOWA 1500/WEATHERBY VANGUARD SA 20 MOA](#)

# Safety Instruction Guide for EGW Howa 1500/Weatherby Vanguard Short Action HD Scope Bases

## Introduction

Thank you for choosing the EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Scope Bases. This guide provides essential safety instructions and recommendations to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the scope bases are compatible with your specific rifle model before installation.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the scope bases regularly for signs of wear or damage.
- Store the scope bases in a cool, dry place away from direct sunlight.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only compatible Picatinny or Weaver scope rings with the scope bases.
- Ensure that the torque applied during installation does not exceed the recommended 20 inch lbs.
- Use a drip of blue Loctite on the screws to prevent loosening during use.
- Do not exceed the manufacturer's specifications for weight and mounting.
- Avoid using the scope bases in extreme weather conditions without proper precautions.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all required tools, including a socket head Torx® wrench.
- Ensure that your rifle is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Locate the factory scope mount holes on your rifle's receiver.
- Align the EGW scope bases with the mount holes.
- Insert the socket head Torx® screws into the holes.
- Tighten the screws gradually, ensuring even pressure across the base.
- Use a torque wrench to apply 20 inch lbs of torque to each screw.
- Apply a drip of blue Loctite to each screw for added security.

### 3. Usage Guidelines

- After installation, mount your scope according to the manufacturer's instructions.
- Check the alignment and stability of the scope after mounting.
- Make adjustments to eye relief as necessary for optimal viewing.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the product is no longer needed, check local regulations for the disposal of aluminum products.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and installation of your EGW Howa 1500/Weatherby Vanguard Short Action HD Scope Bases, please refer to the official EGW website or contact your local distributor for assistance.

This safety instruction guide aims to ensure a safe and enjoyable experience with your new scope bases. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
