

BROWNING BBR LONG ACTION SCOPE BASES - EGW BROWNING BBR PICATINNY RAIL SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning BBR Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

BROWNING BBR LONG ACTION SCOPE BASES

Safety Instruction Guide

Introduction

Thank you for choosing the EGW Browning BBR Long Action Scope Bases. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mount. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the scope bases for any signs of wear or damage. Replace if necessary.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the correct tools and torque specifications when installing the scope bases.
- Do not exceed the recommended torque of 20 inch lbs when mounting.
- Use blue loctite as recommended to prevent loosening of screws.
- Ensure that the scope rings used are compatible with Picatinny or Weaver styles.
- Avoid using the scope bases in extreme environmental conditions that may affect their performance.
- If you notice any unusual movement or instability in your scope during use, stop using the product immediately and inspect it.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure that the firearm is unloaded and in a safe condition before starting installation.

2. Installation Steps:

- Locate the factory scope mount holes on your Browning BBR receiver.
- Align the EGW Browning BBR Long Action Scope Bases with the factory holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Using the Torx® wrench, tighten the screws to a torque of 20 inch lbs. Be cautious not to overtighten.
- Apply a small drop of blue loctite to each screw to secure them in place.

3. Usage:

- Once installed, attach your scope to the Picatinny rail using compatible scope rings.
- Adjust the eye relief as necessary for your comfort and optimal viewing.
- Regularly check the screws for tightness, especially after heavy use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, use designated recycling or waste

disposal facilities.

Contact Information for Further Support

For any safety inquiries or support regarding the EGW Browning BBR Long Action Scope Bases, please contact the manufacturer or refer to the product's official website.

By following these guidelines, you can ensure the safe use and longevity of your EGW Browning BBR Long Action Scope Bases. Thank you for your attention to safety.
