

# RUGER® REVOLVER SCOPE BASES - EGW RUGER® REVOLVER MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

## Fits Factory Drilled & Tapped Revolvers

EGW Ruger Revolver Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# Safety Instruction Guide for RUGER® Revolver Scope Bases

## Introduction

Thank you for choosing the EGW Ruger Revolver Scope Bases. This guide provides important safety instructions and information to ensure the proper use and installation of your product. Please read this guide carefully before use to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the scope base is compatible with your Ruger revolver model.
- Always handle firearms responsibly and ensure they are unloaded before installation.
- Keep the scope bases out of reach of children and unauthorized users.
- Regularly inspect the scope base for signs of wear or damage.
- Use only compatible scope rings and accessories to ensure proper fit and safety.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when mounting the scope base.
- Use a drop of blue Loctite on screws to prevent loosening during use.
- Ensure that the firearm is pointed in a safe direction at all times when installing or adjusting the scope.
- Do not attempt to modify the scope base or use it in a manner not specified by the manufacturer.
- If you experience any issues during installation or usage, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a Torx® wrench.
- Ensure the firearm is unloaded and in a safe environment for installation.

### 2. Installation:

- Locate the factory scope mount holes on your Ruger revolver's receiver.
- Align the EGW Ruger Revolver Scope Base with the mount holes.
- Insert the provided socket head Torx® screws into the holes.
- Tighten the screws using the Torx® wrench to the recommended torque of 20 inch lbs. Apply a drop of blue Loctite to each screw for added security.

### 3. Usage:

- Attach your preferred Picatinny or Weaver scope rings to the installed scope base.
- Adjust the scope for eye relief and secure it according to the manufacturer's instructions.
- Regularly check the tightness of the screws and the integrity of the scope base during use.

## Disposal Instructions

- Dispose of the scope base and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

- For any questions or concerns regarding the safety and use of your EGW Ruger Revolver Scope Bases, please reach out to your local dealer or the manufacturer for assistance.

By following these guidelines, you can ensure the safe and effective use of your EGW Ruger Revolver Scope Bases. Thank you for your attention to safety and for choosing our product.
